

Sacramento Regional Transit District Agenda

**COMBINED MEETING OF THE RETIREMENT BOARDS FOR THE EMPLOYEES AND RETIREES OF THE SACRAMENTO REGIONAL TRANSIT DISTRICT
WEDNESDAY, SEPTEMBER 13, 2023 AT 9:00 A.M.
REGIONAL TRANSIT AUDITORIUM
1400 29TH STREET, SACRAMENTO, CALIFORNIA
(29th St. Light Rail Station/Bus 38, 67, 68)**

MEETING NOTE: *This is a joint and concurrent meeting of the five independent Retirement Boards for the pension plans for the employees and retirees of the Sacramento Regional Transit District. This single, combined agenda designates which items will be subject to action by which board(s). Members of each board may be present for the other boards' discussions and actions, except during individual closed sessions.*

ROLL CALL

ATU Retirement Board: Directors: Li, Kennedy, McGee Lee, Scott
Alternates: Valenton, Smith

IBEW Retirement Board: Directors: Li, Kennedy, Bibbs, Pickering
Alternates: Valenton, D. Thompson

AEA Retirement Board: Directors: Li, Kennedy, Devorak, McGoldrick
Alternates: Valenton, Santhanakrishnan

AFSCME Retirement Board: Directors: Li, Kennedy, Guimond, L. Thompson
Alternates: Valenton

MCEG Retirement Board: Directors: Li, Kennedy, Bobek, Hinz
Alternates: Valenton, Flores

PUBLIC ADDRESSES BOARD ON MATTERS ON CONSENT AND MATTERS NOT ON THE AGENDA
At this time the public may address the Retirement Board(s) on subject matters pertaining to Retirement Board business listed on the Consent Calendar, any Closed Sessions or items not listed on the agenda. Remarks may be limited to 3 minutes subject to the discretion of the Common Chair. Members of the public wishing to address one or more of the Boards may submit a "Public Comment Speaker Card" to the Assistant Secretary. While the Retirement Boards encourage your comments, State law prevents the Boards from discussing items that are not set forth on this meeting agenda. The Boards and staff take your comments very seriously and, if appropriate, will follow up on them.

CLOSED SESSION REPORT

ADJOURN

NOTICE TO THE PUBLIC

It is the policy of the Boards of Directors of the Sacramento Regional Transit District Retirement Plans to encourage participation in the meetings of the Boards of Directors. At each open meeting, members of the public shall be provided with an opportunity to directly address the Board on items of interest to the public that are within the subject matter jurisdiction of the Boards.

This agenda may be amended up to 72 hours prior to the meeting being held. An agenda, in final form, is located by the front door of Regional Transit's building at 1400 – 29th Street and posted to SacRT's website at www.sacrt.com.

Any person(s) requiring accessible formats of the agenda or assisted listening devices/sign language interpreters should contact the Pension and Retiree Services Analyst at 916-556-0296 or TDD 916/483-4327 at least 72 business hours in advance of the Board Meeting.

Copies of staff reports or other written documentation relating to each item of business referred to on the agenda are on file with the Retirement Services Analyst at 916-216-9927 and/or Clerk to the Board of Directors of the Sacramento Regional Transit District and are available for public inspection at 1400 29th Street, Sacramento, CA. Any person who has questions concerning any agenda item may call the Retirement Services Analyst of the Sacramento Regional Transit District to make an inquiry.

**Sacramento Regional Transit District
Quarterly Retirement Board Meeting (ATU)
Wednesday, June 21, 2023
Meeting Minutes**

This meeting was held as a common meeting of the Sacramento Regional Transit District Retirement Boards (AEA, AFSCME, ATU, IBEW, MCEG).

The Retirement Board was brought to order at 9:00 a.m. A quorum was present and comprised as follows: Director Li, Alternate Valenton, Director McGee Lee, and Director Scott. Alternate Smith also attended the meeting but could not and did not vote on any items before the Retirement Board. Director Kennedy was absent.

Director Li presided over this meeting as Common Vice Chair of the Retirement Boards.

PUBLIC COMMENT

John Gobel, Senior Manager of Pension and Retirement Services asked if there were any comments from the public regarding items on the consent calendar or matters not on the agenda. There were none.

CONSENT CALENDAR

- 1. Motion: Approving the Minutes for the March 8, 2023, Quarterly Retirement Board Meeting (ATU). (Gobel)

- 6. Motion: Receive and File Administrative Reports for the Quarter Ended March 31, 2023, for the ATU Pension Plan (ATU). (Johnson)

- 9. Information: Update on Roles and Responsibilities Related to Pension Administration - Quarter Ended March 31, 2023 (ALL). (Gobel)

Director Li moved to adopt Agenda Items 1, 6, and 9. The motion was seconded by Alternate Valenton. Agenda Items 1, 6, and 9 were carried unanimously by roll call vote: Ayes – McGee Lee, Scott, Li, and Valenton; Noes – None.

NEW BUSINESS

- 10. Information: Investment Performance Review by Atlanta Capitol for the ATU, IBEW and Salaried Funds for the Domestic Small Capital Equity Asset Class for the Quarter March 31, 2023 (ALL). (Johnson)

Jason Johnson, Vice President, Finance/CFO, authored the staff report on the investment performance review of the Retirement Plans' Domestic Small Cap Equity manager, Atlanta Capital, and John Gobel, Senior Manager of Pension and Retirement Services, introduced

June 21, 2023 Meeting Minutes – Continued

Atlanta Capital's managing director Michael Jaje. As part of the introduction, Mr. Gobel explained that Atlanta Capital's presentation was an informational item, which did not require a vote or any other action by the Retirement Boards.

Atlanta Capital manages a portfolio of approximately \$32 million for the Retirement Plans, which is benchmarked to the Russell 2000 Index and closed to new investors. For the measurement period ended March 31, 2023, the High Quality Small Cap portfolio reported the following annualized returns: 1-Year of 3.59%, 3-Year of 20.08%, 5-Year of 10.79%, and 10-Year of 12.44%. Of note for the one-year period was the fund's outperformance of the Russell 2000 benchmark, which returned -11.61%.

During his presentation, Mr. Jaje noted that the High Quality Small Cap portfolio is managed by the same team that the Retirement Boards hired thirteen years ago and reminded the Directors that Atlanta Capital's parent company (Eaton Vance) was acquired by Morgan Stanley in 2021. He also noted that the \$2.4 billion fund closed to new investors over a decade ago, but has continued to invest in the stocks of companies that produce durable, stable, growing earnings over long cycles. As Mr. Jaje explained, investing in high quality stocks with those attributes has served to limit losses during down markets and achieve higher, compounded returns over time (relative to the benchmark).

Mr. Jaje encouraged the Retirement Boards to ask questions throughout the presentation. In response to a question from Director Li regarding concentration within the portfolio, Mr. Jaje indicated that the High Quality Small Cap portfolio typically holds just 50 to 60 of the stocks comprising the Russell 2000. In response to a question from ATU Director Scott regarding the size of the companies in the portfolio, Mr. Jaje explained that the ideal target for new investments tends to be companies with market capitalizations between \$500 million and \$7 billion. In response to a question from AEA Director Devorak regarding the potential effect of a U.S. onshoring movement on returns, Mr. Jaje replied that it could be a net positive because the portfolio currently is overweight to industrials.

11. Information: Investment Performance Review of the S&P 500 Index and MSCI EAFE Funds by State Street Global Advisors (SSgA) for the ATU, IBEW and Salaried Employee Retirement Funds for the Period Ended April 30, 2023 (ALL). (Johnson)

Mr. Johnson authored the staff report on the Retirement Plans' index manager, State Street Global Advisors (SSgA), and Mr. Gobel introduced SSgA account executive Andrew Yurkewych. As part of the introduction, Mr. Gobel explained that SSgA's presentation was an informational item, which did not require a vote or any other action by the Retirement Boards.

June 21, 2023 Meeting Minutes – Continued

SSgA manages two index funds for the Retirement Plans: the S&P 500 Index Strategy and the MSCI EAFE Index Strategy. For the valuation period ended April 30, 2023, written materials prepared by SSgA reported the Retirement Plans' allocation to the S&P 500 strategy as approximately \$58 million and the allocation to the MSCI EAFE strategy as approximately \$18 million. For the quarterly measurement period ended March 31, 2023, written materials prepared by Callan reported the following annualized returns for the S&P 500 strategy: 1-Year of -7.74%, 3-Year of 18.59%, and 5-Year of 11.18%. For the same measurement period, Callan reported the following annualized returns for the MSCI EAFE strategy: 1-Year of -.97%, 3-Year of 13.35%, and 5-Year of 3.89%.

During his presentation to the Retirement Boards, Mr. Yurkewych discussed tracking errors relative to the indices and the benefit of the scale of SSgA, which manages \$3.6 trillion in assets. With regard to tracking errors, Mr. Yurkewych noted a 2 basis point difference for the S&P 500 strategy since inception and a 44 basis point difference for the MSCI EAFE strategy over the past twelve months. SSgA attributed the moderate outperformance for the MSCI EAFE strategy to the favorable tax treatment of foreign dividends for institutional investors. Mr. Yurkewych also discussed the advantage of cross-trading among SSgA's institutional clients by explaining that over 80% of transactions required for the S&P 500 strategy have occurred at low or zero cost and over 80% of transactions for the MSCI EAFE strategy have occurred at low or zero cost.

The Retirement Boards had no questions for Mr. Yurkewych.

12. Motion: Receive and File Investment Performance Results for the ATU, IBEW, and Salaried Employee Retirement Plans for the Quarter Ended March 31, 2023 (ALL). (Johnson)

Mr. Gobel introduced Uvan Tseng from Callan, who provided a market update for the Retirement Boards and reviewed total fund performance for the Retirement Plans.

During the capital market update, Mr. Tseng indicated that markets began to rebound during the fourth quarter of the 2022 calendar year and noted that the trend continued for the quarter ended March 31, 2023 (and the quarter ending June 30th). Mr. Tseng also noted that Gross Domestic Product increased for the third successive quarter, but that the increase for the quarter ended March 31st was less than two percent. In contrast to those positives, Mr. Tseng explained that the yield curve remains inverted (meaning short-term Treasury rates are higher than long-term rates) and that future changes in job growth and housing starts would serve as further gauges for the U.S. economy and the prospect of a recession.

June 21, 2023 Meeting Minutes – Continued

During the performance review, Mr. Tseng reported that the Retirement Plans held approximately \$364 million in assets as of March 31, 2023 and achieved total returns of approximately 3.9% for the quarter, which was below the policy target of approximately 4.7%. In discussing the underperformance for the quarter, Mr. Tseng referenced the Retirement Plans' Domestic Large Cap Equity portfolio, which had been negatively affected by a manager's overweighting of the energy sector and specific holdings within the financial sector, but continues to outperform the index over longer measurement periods. Despite the quarterly underperformance, Mr. Tseng explained that the Retirement Plans' total return of approximately -3.6% over the past twelve months was better than the policy target of approximately -5.7%, and reported that the Retirement Plans' average annual return of nearly 8.6% over the last 29 years ranked in the top 10% of the peer group.

While discussing performance for the quarter ended March 31, 2023, Mr. Tseng indicated that public markets had performed better than private markets, and he discussed the continued write-down of private asset values. In contrast to private markets (including private equity and private real estate), Mr. Tseng noted that S&P 500 returns in 2023 were approximately 7.5% through March 31st and approximately 15.2% through June 20th, but driven by a small contingent of stocks. In response to a question from AEA Director Devorak about the concentrated rally, Mr. Tseng referenced the influence of mega cap stocks on cap-weighted indices, but pointed to the recent rally in small cap stocks as a possible indicator of a broadening trend.

Director Li moved to approve Agenda Item 12. The motion was seconded by Alternate Valenton. The motion carried unanimously by roll call vote: Ayes – McGee Lee, Scott, Li, and Valenton; Noes – None.

13. Motion: Receive and File Asset Allocation Study and Amend Statement of Investment Objectives and Policy Guidelines. (ALL). (Johnson)

Mr. Tseng introduced Gary Chang from Callan's Capital Markets Research group to present the annual Asset Allocation Review for the Retirement Plans. As a starting point, Mr. Chang summarized the results of the 2023 review by noting that the return computed for the existing asset allocation was expected to exceed the Retirement Plans' actuarial assumption or "discount rate" of 6.75%. Consistent with those results, Mr. Chang indicated that Callan was very comfortable with the existing asset allocation and not recommending any changes to the portfolio's composition or asset classes.

As in prior years, Mr. Chang explained that the purpose of the Asset Allocation Review was to provide a fresh look at the Retirement Plans' investment portfolio, contemplate the impact of any design or operational changes reported during the year, and factor in current capital markets assumptions. Based on the Retirement Plans' allocation of investments

June 21, 2023 Meeting Minutes – Continued

(65% public equity, 25% fixed income, and 10% private real estate) and Callan's revised capital market assumptions for those types of investments, the report to the Retirement Boards projected an average annual return of 7.0% and a 52.0% probability of achieving or exceeding the discount rate over a 10-year period. While discussing those results, Mr. Chang noted that return and risk numbers had improved since last year's study and attributed much of the change to higher projected returns for Core U.S. Fixed Income (which rose from less than 2.00% last year to 4.25% this year). Mr. Chang also explained that the scale of the increase for fixed income was unusual, but reflective of a higher interest environment following multiple rate hikes by the Federal Reserve.

Over the course of his presentation, Mr. Chang encouraged feedback and questions from the Retirement Boards. In response to an observation by AEA Director McGoldrick, Mr. Chang agreed that incrementally higher returns offered by the more aggressive portfolios modeled by Callan (Mix 3 and Mix 4) did not justify the increased level of risk. In response to a comment from AEA Director Devorak regarding the possibility of returning to an interest rate environment more like the 1980s, Mr. Chang noted that the difference between expected returns for fixed income and public equities had narrowed significantly. In response to a question from ATU Director Scott regarding the permissible range for investments in equities and fixed income, Mr. Tseng cited the Investment Policy Statement submitted with the Asset Allocation Review (which sets investment targets, minimums, and maximums for each asset class) and explained why it is one of the most important governing documents for the Retirement Boards.

Director Li moved to approve Agenda Item 13. The motion was seconded by Alternate Valenton. The motion carried unanimously by roll call vote: Ayes – McGee Lee, Scott, Li, and Valenton; Noes – None.

REPORTS, IDEAS AND COMMUNICATION

14. Information: Manager, Pension & Retirement Services Quarterly Verbal Update (ALL). (Gobel)

Mr. Gobel discussed the Retirement Board Member and Staff Education and Travel Policy (revised 2018) and noted that copies of the referenced policy were included with materials distributed for the Quarterly Retirement Board meeting on December 14, 2022 (as well as during new Retirement Board member orientation on April 26, 2023). In doing so, Mr. Gobel reminded the Directors and Alternates that every Retirement Board member is encouraged to complete 24 hours of continuing education every two years. To facilitate that process, Mr. Gobel explained that staff would be distributing progress reports to individual Retirement Board members in July. Mr. Gobel also explained that staff anticipated distributing the referenced reports via regular mail and indicated that

June 21, 2023 Meeting Minutes – Continued

Retirement Board members with any questions or concerns regarding that process could contact him directly.

ADJOURN

With no further business to discuss and no public comment on matters not on the agenda, the Retirement Board meeting was adjourned at 10:38 a.m.

**Sacramento Regional Transit District
Quarterly Retirement Board Meeting (IBEW)
Wednesday, June 21, 2023
Meeting Minutes**

This meeting was held as a common meeting of the Sacramento Regional Transit District Retirement Boards (AEA, AFSCME, ATU, IBEW, MCEG).

The Retirement Board was brought to order at 9:00 a.m. A quorum was present and comprised as follows: Director Li, Alternate Valenton, Director Bibbs, and Director Pickering. Alternate D. Thompson also attended the meeting but could not and did not vote on any items before the Retirement Board. Director Kennedy was absent.

Director Li presided over this meeting as Common Vice Chair of the Retirement Boards.

PUBLIC COMMENT

John Gobel, Senior Manager of Pension and Retirement Services asked if there were any comments from the public regarding items on the consent calendar or matters not on the agenda. There were none.

CONSENT CALENDAR

- 2. Motion: Approving the Minutes for the March 8, 2023, Quarterly Retirement Board Meeting (IBEW). (Gobel)

- 7. Motion: Receive and File Administrative Reports for the Quarter Ended March 31, 2023, for the IBEW Pension Plan (IBEW). (Johnson)

- 9. Information: Update on Roles and Responsibilities Related to Pension Administration - Quarter Ended March 31, 2023 (ALL). (Gobel)

Director Li moved to adopt Agenda Items 2, 7, and 9. The motion was seconded by Alternate Valenton. Agenda Items 2, 7, and 9 were carried unanimously by roll call vote: Ayes – Bibbs, Pickering, Li, and Valenton; Noes – None.

NEW BUSINESS

- 10. Information: Investment Performance Review by Atlanta Capitol for the ATU, IBEW and Salaried Funds for the Domestic Small Capital Equity Asset Class for the Quarter March 31, 2023 (ALL). (Johnson)

Jason Johnson, Vice President, Finance/CFO, authored the staff report on the investment performance review of the Retirement Plans' Domestic Small Cap Equity manager, Atlanta Capital, and John Gobel, Senior Manager of Pension and Retirement Services, introduced

June 21, 2023 Meeting Minutes – Continued

Atlanta Capital's managing director Michael Jaje. As part of the introduction, Mr. Gobel explained that Atlanta Capital's presentation was an informational item, which did not require a vote or any other action by the Retirement Boards.

Atlanta Capital manages a portfolio of approximately \$32 million for the Retirement Plans, which is benchmarked to the Russell 2000 Index and closed to new investors. For the measurement period ended March 31, 2023, the High Quality Small Cap portfolio reported the following annualized returns: 1-Year of 3.59%, 3-Year of 20.08%, 5-Year of 10.79%, and 10-Year of 12.44%. Of note for the one-year period was the fund's outperformance of the Russell 2000 benchmark, which returned -11.61%.

During his presentation, Mr. Jaje noted that the High Quality Small Cap portfolio is managed by the same team that the Retirement Boards hired thirteen years ago and reminded the Directors that Atlanta Capital's parent company (Eaton Vance) was acquired by Morgan Stanley in 2021. He also noted that the \$2.4 billion fund closed to new investors over a decade ago, but has continued to invest in the stocks of companies that produce durable, stable, growing earnings over long cycles. As Mr. Jaje explained, investing in high quality stocks with those attributes has served to limit losses during down markets and achieve higher, compounded returns over time (relative to the benchmark).

Mr. Jaje encouraged the Retirement Boards to ask questions throughout the presentation. In response to a question from Director Li regarding concentration within the portfolio, Mr. Jaje indicated that the High Quality Small Cap portfolio typically holds just 50 to 60 of the stocks comprising the Russell 2000. In response to a question from ATU Director Scott regarding the size of the companies in the portfolio, Mr. Jaje explained that the ideal target for new investments tends to be companies with market capitalizations between \$500 million and \$7 billion. In response to a question from AEA Director Devorak regarding the potential effect of a U.S. onshoring movement on returns, Mr. Jaje replied that it could be a net positive because the portfolio currently is overweight to industrials.

11. Information: Investment Performance Review of the S&P 500 Index and MSCI EAFE Funds by State Street Global Advisors (SSgA) for the ATU, IBEW and Salaried Employee Retirement Funds for the Period Ended April 30, 2023 (ALL). (Johnson)

Mr. Johnson authored the staff report on the Retirement Plans' index manager, State Street Global Advisors (SSgA), and Mr. Gobel introduced SSgA account executive Andrew Yurkewych. As part of the introduction, Mr. Gobel explained that SSgA's presentation was an informational item, which did not require a vote or any other action by the Retirement Boards.

June 21, 2023 Meeting Minutes – Continued

SSgA manages two index funds for the Retirement Plans: the S&P 500 Index Strategy and the MSCI EAFE Index Strategy. For the valuation period ended April 30, 2023, written materials prepared by SSgA reported the Retirement Plans' allocation to the S&P 500 strategy as approximately \$58 million and the allocation to the MSCI EAFE strategy as approximately \$18 million. For the quarterly measurement period ended March 31, 2023, written materials prepared by Callan reported the following annualized returns for the S&P 500 strategy: 1-Year of -7.74%, 3-Year of 18.59%, and 5-Year of 11.18%. For the same measurement period, Callan reported the following annualized returns for the MSCI EAFE strategy: 1-Year of -.97%, 3-Year of 13.35%, and 5-Year of 3.89%.

During his presentation to the Retirement Boards, Mr. Yurkewych discussed tracking errors relative to the indices and the benefit of the scale of SSgA, which manages \$3.6 trillion in assets. With regard to tracking errors, Mr. Yurkewych noted a 2 basis point difference for the S&P 500 strategy since inception and a 44 basis point difference for the MSCI EAFE strategy over the past twelve months. SSgA attributed the moderate outperformance for the MSCI EAFE strategy to the favorable tax treatment of foreign dividends for institutional investors. Mr. Yurkewych also discussed the advantage of cross-trading among SSgA's institutional clients by explaining that over 80% of transactions required for the S&P 500 strategy have occurred at low or zero cost and over 80% of transactions for the MSCI EAFE strategy have occurred at low or zero cost.

The Retirement Boards had no questions for Mr. Yurkewych.

12. Motion: Receive and File Investment Performance Results for the ATU, IBEW, and Salaried Employee Retirement Plans for the Quarter Ended March 31, 2023 (ALL). (Johnson)

Mr. Gobel introduced Uvan Tseng from Callan, who provided a market update for the Retirement Boards and reviewed total fund performance for the Retirement Plans.

During the capital market update, Mr. Tseng indicated that markets began to rebound during the fourth quarter of the 2022 calendar year and noted that the trend continued for the quarter ended March 31, 2023 (and the quarter ending June 30th). Mr. Tseng also noted that Gross Domestic Product increased for the third successive quarter, but that the increase for the quarter ended March 31st was less than two percent. In contrast to those positives, Mr. Tseng explained that the yield curve remains inverted (meaning short-term Treasury rates are higher than long-term rates) and that future changes in job growth and housing starts would serve as further gauges for the U.S. economy and the prospect of a recession.

During the performance review, Mr. Tseng reported that the Retirement Plans held approximately \$364 million in assets as of March 31, 2023 and achieved total returns of approximately 3.9% for the quarter, which was below the policy target of approximately

June 21, 2023 Meeting Minutes – Continued

4.7%. In discussing the underperformance for the quarter, Mr. Tseng referenced the Retirement Plans' Domestic Large Cap Equity portfolio, which had been negatively affected by a manager's overweighting of the energy sector and specific holdings within the financial sector, but continues to outperform the index over longer measurement periods. Despite the quarterly underperformance, Mr. Tseng explained that the Retirement Plans' total return of approximately -3.6% over the past twelve months was better than the policy target of approximately -5.7%, and reported that the Retirement Plans' average annual return of nearly 8.6% over the last 29 years ranked in the top 10% of the peer group.

While discussing performance for the quarter ended March 31, 2023, Mr. Tseng indicated that public markets had performed better than private markets, and he discussed the continued write-down of private asset values. In contrast to private markets (including private equity and private real estate), Mr. Tseng noted that S&P 500 returns in 2023 were approximately 7.5% through March 31st and approximately 15.2% through June 20th, but driven by a small contingent of stocks. In response to a question from AEA Director Devorak about the concentrated rally, Mr. Tseng referenced the influence of mega cap stocks on cap-weighted indices, but pointed to the recent rally in small cap stocks as a possible indicator of a broadening trend.

Director Li moved to approve Agenda Item 12. The motion was seconded by Alternate Valenton. The motion carried unanimously by roll call vote: Ayes – Bibbs, Pickering, Li, and Valenton; Noes – None.

13. Motion: Receive and File Asset Allocation Study and Amend Statement of Investment Objectives and Policy Guidelines. (ALL). (Johnson)

Mr. Tseng introduced Gary Chang from Callan's Capital Markets Research group to present the annual Asset Allocation Review for the Retirement Plans. As a starting point, Mr. Chang summarized the results of the 2023 review by noting that the return computed for the existing asset allocation was expected to exceed the Retirement Plans' actuarial assumption or "discount rate" of 6.75%. Consistent with those results, Mr. Chang indicated that Callan was very comfortable with the existing asset allocation and not recommending any changes to the portfolio's composition or asset classes.

As in prior years, Mr. Chang explained that the purpose of the Asset Allocation Review was to provide a fresh look at the Retirement Plans' investment portfolio, contemplate the impact of any design or operational changes reported during the year, and factor in current capital markets assumptions. Based on the Retirement Plans' allocation of investments (65% public equity, 25% fixed income, and 10% private real estate) and Callan's revised capital market assumptions for those types of investments, the report to the Retirement Boards projected an average annual return of 7.0% and a 52.0% probability of achieving

June 21, 2023 Meeting Minutes – Continued

or exceeding the discount rate over a 10-year period. While discussing those results, Mr. Chang noted that return and risk numbers had improved since last year's study and attributed much of the change to higher projected returns for Core U.S. Fixed Income (which rose from less than 2.00% last year to 4.25% this year). Mr. Chang also explained that the scale of the increase for fixed income was unusual, but reflective of a higher interest environment following multiple rate hikes by the Federal Reserve.

Over the course of his presentation, Mr. Chang encouraged feedback and questions from the Retirement Boards. In response to an observation by AEA Director McGoldrick, Mr. Chang agreed that incrementally higher returns offered by the more aggressive portfolios modeled by Callan (Mix 3 and Mix 4) did not justify the increased level of risk. In response to a comment from AEA Director Devorak regarding the possibility of returning to an interest rate environment more like the 1980s, Mr. Chang noted that the difference between expected returns for fixed income and public equities had narrowed significantly. In response to a question from ATU Director Scott regarding the permissible range for investments in equities and fixed income, Mr. Tseng cited the Investment Policy Statement submitted with the Asset Allocation Review (which sets investment targets, minimums, and maximums for each asset class) and explained why it is one of the most important governing documents for the Retirement Boards.

Director Li moved to approve Agenda Item 13. The motion was seconded by Alternate Valenton. The motion carried unanimously by roll call vote: Ayes – Bibbs, Pickering, Li, and Valenton; Noes – None.

REPORTS, IDEAS AND COMMUNICATION

14. Information: Manager, Pension & Retirement Services Quarterly Verbal Update (ALL). (Gobel)

Mr. Gobel discussed the Retirement Board Member and Staff Education and Travel Policy (revised 2018) and noted that copies of the referenced policy were included with materials distributed for the Quarterly Retirement Board meeting on December 14, 2022 (as well as during new Retirement Board member orientation on April 26, 2023). In doing so, Mr. Gobel reminded the Directors and Alternates that every Retirement Board member is encouraged to complete 24 hours of continuing education every two years. To facilitate that process, Mr. Gobel explained that staff would be distributing progress reports to individual Retirement Board members in July. Mr. Gobel also explained that staff anticipated distributing the referenced reports via regular mail and indicated that Retirement Board members with any questions or concerns regarding that process could contact him directly.

**Sacramento Regional Transit District
Quarterly Retirement Board Meeting (AEA)
Wednesday, June 21, 2023
Meeting Minutes**

This meeting was held as a common meeting of the Sacramento Regional Transit District Retirement Boards (AEA, AFSCME, ATU, IBEW, MCEG).

The Retirement Board was brought to order at 9:00 a.m. A quorum was present and comprised as follows: Director Li, Alternate Valenton, Director Devorak, and Director McGoldrick. Director Kennedy and Alternate Santhanakrishnan were absent.

Director Li presided over this meeting as Common Vice Chair of the Retirement Boards.

PUBLIC COMMENT

John Gobel, Senior Manager of Pension and Retirement Services asked if there were any comments from the public regarding items on the consent calendar or matters not on the agenda. There were none.

CONSENT CALENDAR

- 3. Motion: Approving the Minutes for the March 8, 2023, Quarterly Retirement Board Meeting (AEA). (Gobel)

- 8. Motion: Receive and File Administrative Reports for the Quarter Ended March 31, 2023, for the Salaried Pension Plan (AEA/AFSCME/MCEG). (Johnson)

- 9. Information: Update on Roles and Responsibilities Related to Pension Administration - Quarter Ended March 31, 2023 (ALL). (Gobel)

Director Li moved to adopt Agenda Items 3, 8, and 9. The motion was seconded by Alternate Valenton. Agenda Items 3, 8, and 9 were carried unanimously by roll call vote: Ayes – Devorak, McGoldrick, Li, and Valenton; Noes – None.

NEW BUSINESS

- 10. Information: Investment Performance Review by Atlanta Capitol for the ATU, IBEW and Salaried Funds for the Domestic Small Capital Equity Asset Class for the Quarter March 31, 2023 (ALL). (Johnson)

Jason Johnson, Vice President, Finance/CFO, authored the staff report on the investment performance review of the Retirement Plans' Domestic Small Cap Equity manager, Atlanta

June 21, 2023 Meeting Minutes – Continued

Capital, and John Gobel, Senior Manager of Pension and Retirement Services, introduced Atlanta Capital's managing director Michael Jaje. As part of the introduction, Mr. Gobel explained that Atlanta Capital's presentation was an informational item, which did not require a vote or any other action by the Retirement Boards.

Atlanta Capital manages a portfolio of approximately \$32 million for the Retirement Plans, which is benchmarked to the Russell 2000 Index and closed to new investors. For the measurement period ended March 31, 2023, the High Quality Small Cap portfolio reported the following annualized returns: 1-Year of 3.59%, 3-Year of 20.08%, 5-Year of 10.79%, and 10-Year of 12.44%. Of note for the one-year period was the fund's outperformance of the Russell 2000 benchmark, which returned -11.61%.

During his presentation, Mr. Jaje noted that the High Quality Small Cap portfolio is managed by the same team that the Retirement Boards hired thirteen years ago and reminded the Directors that Atlanta Capital's parent company (Eaton Vance) was acquired by Morgan Stanley in 2021. He also noted that the \$2.4 billion fund closed to new investors over a decade ago, but has continued to invest in the stocks of companies that produce durable, stable, growing earnings over long cycles. As Mr. Jaje explained, investing in high quality stocks with those attributes has served to limit losses during down markets and achieve higher, compounded returns over time (relative to the benchmark).

Mr. Jaje encouraged the Retirement Boards to ask questions throughout the presentation. In response to a question from Director Li regarding concentration within the portfolio, Mr. Jaje indicated that the High Quality Small Cap portfolio typically holds just 50 to 60 of the stocks comprising the Russell 2000. In response to a question from ATU Director Scott regarding the size of the companies in the portfolio, Mr. Jaje explained that the ideal target for new investments tends to be companies with market capitalizations between \$500 million and \$7 billion. In response to a question from AEA Director Devorak regarding the potential effect of a U.S. onshoring movement on returns, Mr. Jaje replied that it could be a net positive because the portfolio currently is overweight to industrials.

11. Information: Investment Performance Review of the S&P 500 Index and MSCI EAFE Funds by State Street Global Advisors (SSgA) for the ATU, IBEW and Salaried Employee Retirement Funds for the Period Ended April 30, 2023 (ALL). (Johnson)

Mr. Johnson authored the staff report on the Retirement Plans' index manager, State Street Global Advisors (SSgA), and Mr. Gobel introduced SSgA account executive Andrew Yurkewych. As part of the introduction, Mr. Gobel explained that SSgA's presentation was an informational item, which did not require a vote or any other action by the Retirement Boards.

June 21, 2023 Meeting Minutes – Continued

SSgA manages two index funds for the Retirement Plans: the S&P 500 Index Strategy and the MSCI EAFE Index Strategy. For the valuation period ended April 30, 2023, written materials prepared by SSgA reported the Retirement Plans' allocation to the S&P 500 strategy as approximately \$58 million and the allocation to the MSCI EAFE strategy as approximately \$18 million. For the quarterly measurement period ended March 31, 2023, written materials prepared by Callan reported the following annualized returns for the S&P 500 strategy: 1-Year of -7.74%, 3-Year of 18.59%, and 5-Year of 11.18%. For the same measurement period, Callan reported the following annualized returns for the MSCI EAFE strategy: 1-Year of -.97%, 3-Year of 13.35%, and 5-Year of 3.89%.

During his presentation to the Retirement Boards, Mr. Yurkewych discussed tracking errors relative to the indices and the benefit of the scale of SSgA, which manages \$3.6 trillion in assets. With regard to tracking errors, Mr. Yurkewych noted a 2 basis point difference for the S&P 500 strategy since inception and a 44 basis point difference for the MSCI EAFE strategy over the past twelve months. SSgA attributed the moderate outperformance for the MSCI EAFE strategy to the favorable tax treatment of foreign dividends for institutional investors. Mr. Yurkewych also discussed the advantage of cross-trading among SSgA's institutional clients by explaining that over 80% of transactions required for the S&P 500 strategy have occurred at low or zero cost and over 80% of transactions for the MSCI EAFE strategy have occurred at low or zero cost.

The Retirement Boards had no questions for Mr. Yurkewych.

12. Motion: Receive and File Investment Performance Results for the ATU, IBEW, and Salaried Employee Retirement Plans for the Quarter Ended March 31, 2023 (ALL). (Johnson)

Mr. Gobel introduced Uvan Tseng from Callan, who provided a market update for the Retirement Boards and reviewed total fund performance for the Retirement Plans.

During the capital market update, Mr. Tseng indicated that markets began to rebound during the fourth quarter of the 2022 calendar year and noted that the trend continued for the quarter ended March 31, 2023 (and the quarter ending June 30th). Mr. Tseng also noted that Gross Domestic Product increased for the third successive quarter, but that the increase for the quarter ended March 31st was less than two percent. In contrast to those positives, Mr. Tseng explained that the yield curve remains inverted (meaning short-term Treasury rates are higher than long-term rates) and that future changes in job growth and housing starts would serve as further gauges for the U.S. economy and the prospect of a recession.

During the performance review, Mr. Tseng reported that the Retirement Plans held approximately \$364 million in assets as of March 31, 2023 and achieved total returns of approximately 3.9% for the quarter, which was below the policy target of approximately

June 21, 2023 Meeting Minutes – Continued

4.7%. In discussing the underperformance for the quarter, Mr. Tseng referenced the Retirement Plans' Domestic Large Cap Equity portfolio, which had been negatively affected by a manager's overweighting of the energy sector and specific holdings within the financial sector, but continues to outperform the index over longer measurement periods. Despite the quarterly underperformance, Mr. Tseng explained that the Retirement Plans' total return of approximately -3.6% over the past twelve months was better than the policy target of approximately -5.7%, and reported that the Retirement Plans' average annual return of nearly 8.6% over the last 29 years ranked in the top 10% of the peer group.

While discussing performance for the quarter ended March 31, 2023, Mr. Tseng indicated that public markets had performed better than private markets, and he discussed the continued write-down of private asset values. In contrast to private markets (including private equity and private real estate), Mr. Tseng noted that S&P 500 returns in 2023 were approximately 7.5% through March 31st and approximately 15.2% through June 20th, but driven by a small contingent of stocks. In response to a question from AEA Director Devorak about the concentrated rally, Mr. Tseng referenced the influence of mega cap stocks on cap-weighted indices, but pointed to the recent rally in small cap stocks as a possible indicator of a broadening trend.

Director Li moved to approve Agenda Item 12. The motion was seconded by Alternate Valenton. The motion carried unanimously by roll call vote: Ayes – Devorak, McGoldrick, Li, and Valenton; Noes – None.

13. Motion: Receive and File Asset Allocation Study and Amend Statement of Investment Objectives and Policy Guidelines. (ALL). (Johnson)

Mr. Tseng introduced Gary Chang from Callan's Capital Markets Research group to present the annual Asset Allocation Review for the Retirement Plans. As a starting point, Mr. Chang summarized the results of the 2023 review by noting that the return computed for the existing asset allocation was expected to exceed the Retirement Plans' actuarial assumption or "discount rate" of 6.75%. Consistent with those results, Mr. Chang indicated that Callan was very comfortable with the existing asset allocation and not recommending any changes to the portfolio's composition or asset classes.

As in prior years, Mr. Chang explained that the purpose of the Asset Allocation Review was to provide a fresh look at the Retirement Plans' investment portfolio, contemplate the impact of any design or operational changes reported during the year, and factor in current capital markets assumptions. Based on the Retirement Plans' allocation of investments (65% public equity, 25% fixed income, and 10% private real estate) and Callan's revised capital market assumptions for those types of investments, the report to the Retirement Boards projected an average annual return of 7.0% and a 52.0% probability of achieving

June 21, 2023 Meeting Minutes – Continued

Capital, and John Gobel, Senior Manager of Pension and Retirement Services, introduced Atlanta Capital's managing director Michael Jaje. As part of the introduction, Mr. Gobel explained that Atlanta Capital's presentation was an informational item, which did not require a vote or any other action by the Retirement Boards.

Atlanta Capital manages a portfolio of approximately \$32 million for the Retirement Plans, which is benchmarked to the Russell 2000 Index and closed to new investors. For the measurement period ended March 31, 2023, the High Quality Small Cap portfolio reported the following annualized returns: 1-Year of 3.59%, 3-Year of 20.08%, 5-Year of 10.79%, and 10-Year of 12.44%. Of note for the one-year period was the fund's outperformance of the Russell 2000 benchmark, which returned -11.61%.

During his presentation, Mr. Jaje noted that the High Quality Small Cap portfolio is managed by the same team that the Retirement Boards hired thirteen years ago and reminded the Directors that Atlanta Capital's parent company (Eaton Vance) was acquired by Morgan Stanley in 2021. He also noted that the \$2.4 billion fund closed to new investors over a decade ago, but has continued to invest in the stocks of companies that produce durable, stable, growing earnings over long cycles. As Mr. Jaje explained, investing in high quality stocks with those attributes has served to limit losses during down markets and achieve higher, compounded returns over time (relative to the benchmark).

Mr. Jaje encouraged the Retirement Boards to ask questions throughout the presentation. In response to a question from Director Li regarding concentration within the portfolio, Mr. Jaje indicated that the High Quality Small Cap portfolio typically holds just 50 to 60 of the stocks comprising the Russell 2000. In response to a question from ATU Director Scott regarding the size of the companies in the portfolio, Mr. Jaje explained that the ideal target for new investments tends to be companies with market capitalizations between \$500 million and \$7 billion. In response to a question from AEA Director Devorak regarding the potential effect of a U.S. onshoring movement on returns, Mr. Jaje replied that it could be a net positive because the portfolio currently is overweight to industrials.

11. Information: Investment Performance Review of the S&P 500 Index and MSCI EAFE Funds by State Street Global Advisors (SSgA) for the ATU, IBEW and Salaried Employee Retirement Funds for the Period Ended April 30, 2023 (ALL). (Johnson)

Mr. Johnson authored the staff report on the Retirement Plans' index manager, State Street Global Advisors (SSgA), and Mr. Gobel introduced SSgA account executive Andrew Yurkewych. As part of the introduction, Mr. Gobel explained that SSgA's presentation was an informational item, which did not require a vote or any other action by the Retirement Boards.

June 21, 2023 Meeting Minutes – Continued

SSgA manages two index funds for the Retirement Plans: the S&P 500 Index Strategy and the MSCI EAFE Index Strategy. For the valuation period ended April 30, 2023, written materials prepared by SSgA reported the Retirement Plans' allocation to the S&P 500 strategy as approximately \$58 million and the allocation to the MSCI EAFE strategy as approximately \$18 million. For the quarterly measurement period ended March 31, 2023, written materials prepared by Callan reported the following annualized returns for the S&P 500 strategy: 1-Year of -7.74%, 3-Year of 18.59%, and 5-Year of 11.18%. For the same measurement period, Callan reported the following annualized returns for the MSCI EAFE strategy: 1-Year of -.97%, 3-Year of 13.35%, and 5-Year of 3.89%.

During his presentation to the Retirement Boards, Mr. Yurkewych discussed tracking errors relative to the indices and the benefit of the scale of SSgA, which manages \$3.6 trillion in assets. With regard to tracking errors, Mr. Yurkewych noted a 2 basis point difference for the S&P 500 strategy since inception and a 44 basis point difference for the MSCI EAFE strategy over the past twelve months. SSgA attributed the moderate outperformance for the MSCI EAFE strategy to the favorable tax treatment of foreign dividends for institutional investors. Mr. Yurkewych also discussed the advantage of cross-trading among SSgA's institutional clients by explaining that over 80% of transactions required for the S&P 500 strategy have occurred at low or zero cost and over 80% of transactions for the MSCI EAFE strategy have occurred at low or zero cost.

The Retirement Boards had no questions for Mr. Yurkewych.

12. Motion: Receive and File Investment Performance Results for the ATU, IBEW, and Salaried Employee Retirement Plans for the Quarter Ended March 31, 2023 (ALL). (Johnson)

Mr. Gobel introduced Uvan Tseng from Callan, who provided a market update for the Retirement Boards and reviewed total fund performance for the Retirement Plans.

During the capital market update, Mr. Tseng indicated that markets began to rebound during the fourth quarter of the 2022 calendar year and noted that the trend continued for the quarter ended March 31, 2023 (and the quarter ending June 30th). - 10. Information: Investment Performance Review by Atlanta Capitol for the ATU, IBEW and Salaried Funds for the Domestic Small Capital Equity Asset Class for the Quarter March 31, 2023 (ALL). (Johnson)

June 21, 2023 Meeting Minutes – Continued

Jason Johnson, Vice President, Finance/CFO, authored the staff report on the investment performance review of the Retirement Plans' Domestic Small Cap Equity manager, Atlanta Capital, and John Gobel, Senior Manager of Pension and Retirement Services, introduced Atlanta Capital's managing director Michael Jaje. As part of the introduction, Mr. Gobel explained that Atlanta Capital's presentation was an informational item, which did not require a vote or any other action by the Retirement Boards.

Atlanta Capital manages a portfolio of approximately \$32 million for the Retirement Plans, which is benchmarked to the Russell 2000 Index and closed to new investors. For the measurement period ended March 31, 2023, the High Quality Small Cap portfolio reported the following annualized returns: 1-Year of 3.59%, 3-Year of 20.08%, 5-Year of 10.79%, and 10-Year of 12.44%. Of note for the one-year period was the fund's outperformance of the Russell 2000 benchmark, which returned -11.61%.

During his presentation, Mr. Jaje noted that the High Quality Small Cap portfolio is managed by the same team that the Retirement Boards hired thirteen years ago and reminded the Directors that Atlanta Capital's parent company (Eaton Vance) was acquired by Morgan Stanley in 2021. He also noted that the \$2.4 billion fund closed to new investors over a decade ago, but has continued to invest in the stocks of companies that produce durable, stable, growing earnings over long cycles. As Mr. Jaje explained, investing in high quality stocks with those attributes has served to limit losses during down markets and achieve higher, compounded returns over time (relative to the benchmark).

Mr. Jaje encouraged the Retirement Boards to ask questions throughout the presentation. In response to a question from Director Li regarding concentration within the portfolio, Mr. Jaje indicated that the High Quality Small Cap portfolio typically holds just 50 to 60 of the stocks comprising the Russell 2000. In response to a question from ATU Director Scott regarding the size of the companies in the portfolio, Mr. Jaje explained that the ideal target for new investments tends to be companies with market capitalizations between \$500 million and \$7 billion. In response to a question from AEA Director Devorak regarding the potential effect of a U.S. onshoring movement on returns, Mr. Jaje replied that it could be a net positive because the portfolio currently is overweight to industrials.

11. Information: Investment Performance Review of the S&P 500 Index and MSCI EAFE Funds by State Street Global Advisors (SSgA) for the ATU, IBEW and Salaried Employee Retirement Funds for the Period Ended April 30, 2023 (ALL). (Johnson)

Mr. Johnson authored the staff report on the Retirement Plans' index manager, State Street Global Advisors (SSgA), and Mr. Gobel introduced SSgA account executive Andrew Yurkewych. As part of the introduction, Mr. Gobel explained that SSgA's presentation was

June 21, 2023 Meeting Minutes – Continued

an informational item, which did not require a vote or any other action by the Retirement Boards.

SSgA manages two index funds for the Retirement Plans: the S&P 500 Index Strategy and the MSCI EAFE Index Strategy. For the valuation period ended April 30, 2023, written materials prepared by SSgA reported the Retirement Plans' allocation to the S&P 500 strategy as approximately \$58 million and the allocation to the MSCI EAFE strategy as approximately \$18 million. For the quarterly measurement period ended March 31, 2023, written materials prepared by Callan reported the following annualized returns for the S&P 500 strategy: 1-Year of -7.74%, 3-Year of 18.59%, and 5-Year of 11.18%. For the same measurement period, Callan reported the following annualized returns for the MSCI EAFE strategy: 1-Year of -.97%, 3-Year of 13.35%, and 5-Year of 3.89%.

During his presentation to the Retirement Boards, Mr. Yurkewych discussed tracking errors relative to the indices and the benefit of the scale of SSgA, which manages \$3.6 trillion in assets. With regard to tracking errors, Mr. Yurkewych noted a 2 basis point difference for the S&P 500 strategy since inception and a 44 basis point difference for the MSCI EAFE strategy over the past twelve months. SSgA attributed the moderate outperformance for the MSCI EAFE strategy to the favorable tax treatment of foreign dividends for institutional investors. Mr. Yurkewych also discussed the advantage of cross-trading among SSgA's institutional clients by explaining that over 80% of transactions required for the S&P 500 strategy have occurred at low or zero cost and over 80% of transactions for the MSCI EAFE strategy have occurred at low or zero cost.

The Retirement Boards had no questions for Mr. Yurkewych.

12. Motion: Receive and File Investment Performance Results for the ATU, IBEW, and Salaried Employee Retirement Plans for the Quarter Ended March 31, 2023 (ALL). (Johnson)

Mr. Gobel introduced Uvan Tseng from Callan, who provided a market update for the Retirement Boards and reviewed total fund performance for the Retirement Plans.

During the capital market update, Mr. Tseng indicated that markets began to rebound during the fourth quarter of the 2022 calendar year and noted that the trend continued for the quarter ended March 31, 2023 (and the quarter ending June 30th). Mr. Tseng also noted that Gross Domestic Product increased for the third successive quarter, but that the increase for the quarter ended March 31st was less than two percent. In contrast to those positives, Mr. Tseng explained that the yield curve remains inverted (meaning short-term Treasury rates are higher than long-term rates) and that future changes in job growth and housing starts would serve as further gauges for the U.S. economy and the prospect of a recession.

June 21, 2023 Meeting Minutes – Continued

During the performance review, Mr. Tseng reported that the Retirement Plans held approximately \$364 million in assets as of March 31, 2023 and achieved total returns of approximately 3.9% for the quarter, which was below the policy target of approximately 4.7%. In discussing the underperformance for the quarter, Mr. Tseng referenced the Retirement Plans' Domestic Large Cap Equity portfolio, which had been negatively affected by a manager's overweighting of the energy sector and specific holdings within the financial sector, but continues to outperform the index over longer measurement periods. Despite the quarterly underperformance, Mr. Tseng explained that the Retirement Plans' total return of approximately -3.6% over the past twelve months was better than the policy target of approximately -5.7%, and reported that the Retirement Plans' average annual return of nearly 8.6% over the last 29 years ranked in the top 10% of the peer group.

While discussing performance for the quarter ended March 31, 2023, Mr. Tseng indicated that public markets had performed better than private markets, and he discussed the continued write-down of private asset values. In contrast to private markets (including private equity and private real estate), Mr. Tseng noted that S&P 500 returns in 2023 were approximately 7.5% through March 31st and approximately 15.2% through June 20th, but driven by a small contingent of stocks. In response to a question from AEA Director Devorak about the concentrated rally, Mr. Tseng referenced the influence of mega cap stocks on cap-weighted indices, but pointed to the recent rally in small cap stocks as a possible indicator of a broadening trend.

Director Li moved to approve Agenda Item 12. The motion was seconded by Alternate Valenton. The motion carried unanimously by roll call vote: Ayes – Bobek, Hinz, Li, and Valenton; Noes – None

13. Motion: Receive and File Asset Allocation Study and Amend Statement of Investment Objectives and Policy Guidelines. (ALL). (Johnson)

Mr. Tseng introduced Gary Chang from Callan's Capital Markets Research group to present the annual Asset Allocation Review for the Retirement Plans. As a starting point, Mr. Chang summarized the results of the 2023 review by noting that the return computed for the existing asset allocation was expected to exceed the Retirement Plans' actuarial assumption or "discount rate" of 6.75%. Consistent with those results, Mr. Chang indicated that Callan was very comfortable with the existing asset allocation and not recommending any changes to the portfolio's composition or asset classes.

As in prior years, Mr. Chang explained that the purpose of the Asset Allocation Review was to provide a fresh look at the Retirement Plans' investment portfolio, contemplate the impact of any design or operational changes reported during the year, and factor in current

June 21, 2023 Meeting Minutes – Continued

capital markets assumptions. Based on the Retirement Plans' allocation of investments (65% public equity, 25% fixed income, and 10% private real estate) and Callan's revised capital market assumptions for those types of investments, the report to the Retirement Boards projected an average annual return of 7.0% and a 52.0% probability of achieving or exceeding the discount rate over a 10-year period. While discussing those results, Mr. Chang noted that return and risk numbers had improved since last year's study and attributed much of the change to higher projected returns for Core U.S. Fixed Income (which rose from less than 2.00% last year to 4.25% this year). Mr. Chang also explained that the scale of the increase for fixed income was unusual, but reflective of a higher interest environment following multiple rate hikes by the Federal Reserve.

Over the course of his presentation, Mr. Chang encouraged feedback and questions from the Retirement Boards. In response to an observation by AEA Director McGoldrick, Mr. Chang agreed that incrementally higher returns offered by the more aggressive portfolios modeled by Callan (Mix 3 and Mix 4) did not justify the increased level of risk. In response to a comment from AEA Director Devorak regarding the possibility of returning to an interest rate environment more like the 1980s, Mr. Chang noted that the difference between expected returns for fixed income and public equities had narrowed significantly. In response to a question from ATU Director Scott regarding the permissible range for investments in equities and fixed income, Mr. Tseng cited the Investment Policy Statement submitted with the Asset Allocation Review (which sets investment targets, minimums, and maximums for each asset class) and explained why it is one of the most important governing documents for the Retirement Boards.

Director Li moved to approve Agenda Item 13. The motion was seconded by Alternate Valenton. The motion carried unanimously by roll call vote: Ayes – Bobek, Hinz, Li, and Valenton; Noes – None

REPORTS, IDEAS AND COMMUNICATION

14. Information: Manager, Pension & Retirement Services Quarterly Verbal Update (ALL). (Gobel)

Mr. Gobel discussed the Retirement Board Member and Staff Education and Travel Policy (revised 2018) and noted that copies of the referenced policy were included with materials distributed for the Quarterly Retirement Board meeting on December 14, 2022 (as well as during new Retirement Board member orientation on April 26, 2023). In doing so, Mr. Gobel reminded the Directors and Alternates that every Retirement Board member is encouraged to complete 24 hours of continuing education every two years. To facilitate that process, Mr. Gobel explained that staff would be distributing progress reports to individual Retirement Board members in July. Mr. Gobel also explained that staff anticipated distributing the referenced reports via regular mail and indicated that

June 21, 2023 Meeting Minutes – Continued

Retirement Board members with any questions or concerns regarding that process could contact him directly.

ADJOURN

With no further business to discuss and no public comment on matters not on the agenda, the Retirement Board meeting was adjourned at 10:38 a.m.

**Sacramento Regional Transit District
Special Retirement Board Meeting (ATU)
Wednesday, July 26, 2023
MEETING MINUTES**

This was a special meeting of the Sacramento Regional Transit District ATU Retirement Board.

The Retirement Board was brought to order at 1:00 p.m. A quorum was present and comprised as follows: Director McGee Lee, Director Scott, and Alternate Valenton. Director Kennedy, Director Li, and Alternate Smith were absent.

With the consent and approval of the attending Directors and Alternate Valenton, Director McGee Lee served as the presiding Chair for this meeting of the ATU Retirement Board.

PUBLIC COMMENT

None.

NEW BUSINESS

1. Resolution: Approve a Disability Retirement for Tony York (ATU) (Gobel).

John Gobel, Senior Manager of Pension and Retirement Services, explained that the staff recommendation to approve the Disability Retirement Application of Tony York was consistent with the recommendation of the Independent Medical Examiner who examined Mr. York. Retirement Services Analyst Jessy Mathew reviewed staff's processing of the application filed by Mr. York on October 27, 2022. There were no questions from the Board nor public comment on the item.

Director McGee Lee moved to adopt Agenda Item 1. The motion was seconded by Alternate Valenton. Agenda Item 1 carried unanimously by roll call vote: Ayes – McGee Lee, Scott, and Valenton; Noes – None.

With no further business to discuss, the Retirement Board meeting was adjourned at 1:06 p.m.

**PEPRA employee rates: 7.25%

Unaudited Financial Statements

Attached hereto are unaudited financial statements for the quarter and the year-to-date ended June 30, 2023. The financial statements are presented on an accrual basis and consist of a Statement of Fiduciary Net Position (balance sheet) (Attachment 1), a Statement of Changes in Fiduciary Net Position (income statement) for the quarter ended June 30, 2023 (Attachment 2), and a year-to-date Statement of Changes in Fiduciary Net Position (Attachment 3).

The Statement of Fiduciary Net Position includes a summary of fund assets showing the amounts in the following categories: investments, prepaid assets, and other receivables. This statement also provides amounts due from/to the District and Total Fund Equity (net position).

The Statement of Changes in Fiduciary Net Position includes activities in the following categories: investment gains/losses, dividends, interest income, unrealized gains/losses, benefit contributions/payouts, and investment management and administrative expenses.

Asset Rebalancing

Pursuant to Section IV, Asset Rebalancing Policy of the Statement of Investment Objectives and Policy Guidelines for the ATU, IBEW and Salaried Employees' Retirement Funds, the Retirement Boards have delegated authority to manage pension plan assets in accordance with the approved rebalancing policy to the District's VP, Finance/CFO or designee. The VP, Finance/CFO is required to report asset rebalancing activity to the Boards at their quarterly meetings.

Rebalancing can occur for one or more of the following reasons:

1. The Pension Plan ended the month with an accounts receivable or payable balance due to the District. A payable or receivable is the net amount of the monthly required contribution (required contribution is the percentage of covered payroll determined by the annual actuarial valuation) less the Plan's actual expenses.
2. The Pension Plan hires or removes a Fund Manager, in which case securities must be moved to a new fund manager.
3. The Pension Plan investment mix is under or over the minimum or maximum asset allocation as defined in the Statement of Investment Objectives and Policy Guidelines.

Attached hereto as Attachment 4 is the ATU Plan's Schedule of Cash Activities for the three months ended June 30, 2023. The schedule of cash activities includes a summary of Plan activities showing the amounts in the following categories: District's pension contributions to the Plan, payments to retirees, and the Pension Plan's cash expenditures paid. This schedule also lists the rebalancing activity that occurred for the three months ended June 30, 2023. The ATU Plan reimbursed \$ 446,514.00 to the

District as the result of the net cash activity between the pension plan expenses and the required pension contributions.

Attached hereto as Attachment 5 is the ATU Plan's Asset Allocation as of June 30, 2023. This statement shows the ATU Plan's asset allocation as compared to targeted allocation percentages as defined in the Statement of Investment Objectives and Policy Guidelines.

Attached hereto as Attachment 6 is a reconciliation between the Callan Performance Report and the ATU, IBEW and Salaried Pension Plans' unaudited financial statements. The reports differ in that the unaudited financial statements reflect both investment activities and the pension fund's inflows and outflows. Callan's report only reflects the investment activities. The "Net Difference" amounts shown are the results of Callan and Northern Trust Company using different valuations for the same securities and/or litigation settlements received by the Plans.

Included also as Attachment 7 is a reconciliation between the Callan Performance Report and the Schedule of Cash Activities for payments made from/to the District. Callan's report classifies gains from trades and litigation income as "net new investments." Finance staff classifies gains from trades and litigation income in the Pension Plan's unaudited Statement of Changes in Fiduciary Net Position as "Other Income," which is combined in the category of "Interest, Dividend, & Other Inc".

Attached hereto as Attachment 8 is a schedule reflecting Fund Managers' quarterly investment returns and their investment fees. Additionally, the schedule reflects annual rates of return on investment net of investment fees for the one-year and three-year periods ended June 30, 2023 as compared to their benchmarks.

Attached hereto as Attachment 9 is a schedule reflecting transfers of plan assets from the ATU Plan to the Salaried Plan resulting from employee transfers from one union/employee group to another, as well as all retirements, and retiree deaths during the three months ended June 30, 2023.

RETIREMENT BOARD STAFF REPORT

DATE: September 13, 2023 Agenda Item: 8
TO: Sacramento Regional Transit Retirement Board – IBEW
FROM: Jason Johnson, VP, Finance/CFO
SUBJ: RECEIVE AND FILE ADMINISTRATIVE REPORTS FOR THE QUARTER ENDED JUNE 30, 2023 FOR THE IBEW PENSION PLAN (IBEW). (JOHNSON)

RECOMMENDATION

Motion to Approve

RESULT OF RECOMMENDED ACTION

Motion: Receive and File Administrative Reports for the Quarter Ended June 30, 2023 for the IBEW Pension Plan (IBEW). (Johnson)

FISCAL IMPACT

None.

DISCUSSION

Table 1 below shows the employer and employee contribution rates for the Sacramento Regional Transit District IBEW Retirement Plan, by Plan and tier, as of the date indicated.

Table 1

**Employer Contribution Rates
As of June 30, 2023**

	IBEW
	Contribution Rate
Classic	34.11%
PEPRA*	25.68%

*PEPRA employee rates: 7.00%

Unaudited Financial Statements

Attached hereto are unaudited financial statements for the quarter and the year-to-date ended June 30, 2023. The financial statements are presented on an accrual basis and

consist of a Statement of Fiduciary Net Position (balance sheet) (Attachment 1), a Statement of Changes in Fiduciary Net Position (income statement) for the quarter ended June 30, 2023 (Attachment 2), and a year-to-date Statement of Changes in Fiduciary Net Position (Attachment 3).

The Statement of Fiduciary Net Position includes a summary of fund assets showing the amounts in the following categories: investments, prepaid assets, and other receivables. This statement also provides amounts due from/to the District and Total Fund Equity (net position).

The Statement of Changes in Fiduciary Net Position includes activities in the following categories: investment gains/losses, dividends, interest income, unrealized gains/losses, benefit contributions/payouts, and investment management and administrative expenses.

Asset Rebalancing

Pursuant to Section IV, Asset Rebalancing Policy of the Statement of Investment Objectives and Policy Guidelines for the ATU, IBEW and Salaried Employees' Retirement Funds, the Retirement Boards have delegated authority to manage pension plan assets in accordance with the approved rebalancing policy to the District's VP, Finance/CFO or designee. The VP, Finance/CFO is required to report asset rebalancing activity to the Boards at their quarterly meetings.

Rebalancing can occur for one or more of the following reasons:

1. The Pension Plan ended the month with an accounts receivable or payable balance due to the District. A payable or receivable is the net amount of the monthly required contribution (required contribution is the percentage of covered payroll determined by the annual actuarial valuation) less the Plan's actual expenses.
2. The Pension Plan hires or removes a Fund Manager, in which case securities must be moved to a new fund manager.
3. The Pension Plan investment mix is under or over the minimum or maximum asset allocation as defined in the Statement of Investment Objectives and Policy Guidelines.

Attached hereto as Attachment 4 is the IBEW Plan's Schedule of Cash Activities for the three months ended June 30, 2023. The schedule of cash activities includes a summary of Plan activities showing the amounts in the following categories: District's pension contributions to the Plan, payments to retirees, and the Pension Plan's cash expenditures paid. This schedule also lists the rebalancing activity that occurred for the three months ended June 30, 2023. The IBEW Plan reimbursed \$189,886.31 to the District as the result of the net cash activity between the pension plan expenses and the required pension contributions.

Attached hereto as Attachment 5 is the IBEW Plan's Asset Allocation as of June 30, 2023. This statement shows the IBEW Plan's asset allocation as compared to targeted

allocation percentages as defined in the Statement of Investment Objectives and Policy Guidelines.

Attached hereto as Attachment 6 is a reconciliation between the Callan Performance Report and the ATU, IBEW and Salaried Pension Plans' unaudited financial statements. The reports differ in that the unaudited financial statements reflect both investment activities and the pension fund's inflows and outflows. Callan's report only reflects the investment activities. The "Net Difference" amounts shown are the results of Callan and Northern Trust Company using different valuations for the same securities and/or litigation settlements received by the Plans.

Included also as Attachment 7 is a reconciliation between the Callan Performance Report and the Schedule of Cash Activities for payments made from/to the District. Callan's report classifies gains from trades and litigation income as "net new investments." Finance staff classifies gains from trades and litigation income in the Pension Plan's unaudited Statement of Changes in Fiduciary Net Position as "Other Income," which is combined in the category of "Interest, Dividend, & Other Inc".

Attached hereto as Attachment 8 is a schedule reflecting Fund Managers' quarterly investment returns and their investment fees. Additionally, the schedule reflects annual rates of return on investment net of investment fees for the one-year and three-year periods ended June 30, 2023 as compared to their benchmarks.

Attached hereto as Attachment 9 is a schedule reflecting all retirements and retiree deaths during the three months ended June 30, 2023.

RETIREMENT BOARD STAFF REPORT

DATE: September 13, 2023 Agenda Item: 9
TO: Sacramento Regional Transit Retirement Boards – AEA/AFSCME/MCEG
FROM: Jason Johnson, VP, Finance/CFO
SUBJ: RECEIVE AND FILE ADMINISTRATIVE REPORTS FOR THE QUARTER ENDED JUNE 30, 2023 FOR THE SALARIED PENSION PLAN (AEA/AFSCME/MCEG). (JOHNSON)

RECOMMENDATION

Motion to Approve

RESULT OF RECOMMENDED ACTION

Motion: Receive and File Administrative Reports for the Quarter Ended June 30, 2023 for the Salaried Pension Plan (AEA/AFSCME/MCEG). (Johnson)

FISCAL IMPACT

None.

DISCUSSION

Table 1 below shows the employer and employee contribution rates for the Sacramento Regional Transit District Salaried Retirement Plan, by Plan and tier, as of the date indicated.

Table 1

**Employer Contribution Rates
As of June 30, 2023**

	Salary
	Contribution Rate
Classic	43.28%
PEPRA*	30.30%

*PEPRA employee rates: 6.50%

Unaudited Financial Statements

Attached hereto are unaudited financial statements for the quarter and the year-to-date ended June 30, 2023. The financial statements are presented on an accrual basis and

consist of a Statement of Fiduciary Net Position (balance sheet) (Attachment 1), a Statement of Changes in Fiduciary Net Position (income statement) for the quarter ended June 30, 2023 (Attachment 2), and a year-to-date Statement of Changes in Fiduciary Net Position (Attachment 3).

The Statement of Fiduciary Net Position includes a summary of fund assets showing the amounts in the following categories: investments, prepaid assets, and other receivables. This statement also provides amounts due from/to the District and Total Fund Equity (net position).

The Statement of Changes in Fiduciary Net Position includes activities in the following categories: investment gains/losses, dividends, interest income, unrealized gains/losses, benefit contributions/payouts, and investment management and administrative expenses.

Asset Rebalancing

Pursuant to Section IV, Asset Rebalancing Policy of the Statement of Investment Objectives and Policy Guidelines for the ATU, IBEW and Salaried Employees' Retirement Funds, the Retirement Boards have delegated authority to manage pension plan assets in accordance with the approved rebalancing policy to the District's VP, Finance/CFO or designee. The VP, Finance/CFO is required to report asset rebalancing activity to the Boards at their quarterly meetings.

Rebalancing can occur for one or more of the following reasons:

1. The Pension Plan ended the month with an accounts receivable or payable balance due to the District. A payable or receivable is the net amount of the monthly required contribution (required contribution is the percentage of covered payroll determined by the annual actuarial valuation) less the Plan's actual expenses.
2. The Pension Plan hires or removes a Fund Manager, in which case securities must be moved to a new fund manager.
3. The Pension Plan investment mix is under or over the minimum or maximum asset allocation as defined in the Statement of Investment Objectives and Policy Guidelines.

Attached hereto as Attachment 4 is the Salaried Plan's Schedule of Cash Activities for the three months ended June 30, 2023. The schedule of cash activities includes a summary of Plan activities showing the amounts in the following categories: District's pension contributions to the Plan, payments to retirees, and the Pension Plan's cash expenditures paid. This schedule also lists the rebalancing activity that occurred for the three months ended June 30, 2023. The District reimbursed \$56,756.77 to the Salaried Plan as the result of the net cash activity between the pension plan expenses and the required pension contributions.

Attached hereto as Attachment 5 is the Salaried Plan's Asset Allocation as of June 30, 2023. This statement shows the Salaried Plan's asset allocation as compared to

targeted allocation percentages as defined in the Statement of Investment Objectives and Policy Guidelines.

Attached hereto as Attachment 6 is a reconciliation between the Callan Performance Report and the ATU, IBEW and Salaried Pension Plans' unaudited financial statements. The reports differ in that the unaudited financial statements reflect both investment activities and the pension fund's inflows and outflows. Callan's report only reflects the investment activities. The "Net Difference" amounts shown are the results of Callan and Northern Trust Company using different valuations for the same securities and/or litigation settlements received by the Plans.

Included also as Attachment 7 is a reconciliation between the Callan Performance Report and the Schedule of Cash Activities for payments made from/to the District. Callan's report classifies gains from trades and litigation income as "net new investments." Finance staff classifies gains from trades and litigation income in the Pension Plan's unaudited Statement of Changes in Fiduciary Net Position as "Other Income," which is combined in the category of "Interest, Dividend, & Other Inc".

Attached hereto as Attachment 8 is a schedule reflecting Fund Managers' quarterly investment returns and their investment fees. Additionally, the schedule reflects annual rates of return on investment net of investment fees for the one-year and three-year periods ended June 30, 2023 as compared to their benchmarks.

Attached hereto as Attachment 9 is a schedule reflecting transfers of plan assets from the ATU Plan to the Salaried Plan resulting from employee transfers from one union/employee group to another, as well as all retirements, and retiree deaths during the three months ended June 30, 2023.

RETIREMENT BOARD STAFF REPORT

DATE: September 13, 2023 Agenda Item: 10
TO: Sacramento Regional Transit Retirement Board – ALL
FROM: John Gobel, Manager, Pension and Retirement Services
SUBJ: UPDATE ON ROLES AND RESPONSIBILITIES RELATED TO PENSION ADMINISTRATION - QUARTER ENDED JUNE 30, 2023 (ALL). (Gobel)

RECOMMENDATION

No Recommendation - Information Only

RESULT OF RECOMMENDED ACTION

No recommended action.

FISCAL IMPACT

There is no fiscal impact associated with this action.

DISCUSSION

Every quarter, three reports are distributed to apprise the Retirement Boards of functions performed by Staff and Legal Counsel in support of the pension plans. The reports prepared for the quarter ended June 30, 2023 are attached for review and identified below:

Attachment A – Pension Administration Staff Roles and Responsibilities

Attachment B – RT Staff Costs Attributable and Charged to RT Pension Plans

Attachment C – Summary of Legal Services Provided for the Quarter

For the current 90-day period (June 10, 2023 to September 8, 2023), Staff has effected pensions for 14 new retirees and the average waiting period for first payments has been 47 days. For context, retirement activity is comparable to the prior quarter and the average processing time is closer to the 45-day target for new pensioners.

Pension Administration Staff Roles and Responsibilities

Pension Plan Member Relations:

Task	Primary Responsibility	Back Up Responsibility
Respond to Employee and Retiree Inquiries	Retirement Services Analyst (I & II), Administrative Assistant II	Manager - Pension & Retirement
Conduct Educational Sessions	Manager - Pension & Retirement	Retirement Services Analyst II
Create Pension Estimates	Retirement Services Analyst II	Retirement Services Analyst I
Process Disability Retirements	Retirement Services Analyst II	Manager - Pension & Retirement
Process Employee and Retiree Deaths	Retirement Services Analyst I	Retirement Services Analyst II
Administer Active and Term Vested Retirement Process	Retirement Services Analysts (I & II)	Manager - Pension & Retirement
Prepare 48-Month Salary Calculations	Retirement Services Analysts (I & II)	Manager - Pension & Retirement
Verify Retiree Wages: gross pay, net wages, no pre-tax deductions, taxes	Retirement Service Analysts (I & II), Payroll Analyst	Payroll Manager
Facilitate Employees' Required Contributions (per contracts and/or PEPRA)	Retirement Services Analysts (I & II)	Manager - Pension & Retirement
Convert Employees to Retirees in SAP	Retirement Services Analysts (I & II)	Retirement Services Analysts (I & II)
Process Lump-Sum Distribution or "Refund" of Employee Contributions for Terminated PEPRA Members	Retirement Services Analyst I	Manager - Pension & Retirement
Retrieve Undeliverable Retiree Mail and Facilitate Required Changes of Address	Administrative Assistant II	Retirement Services Analyst I
Conduct Lost Participant Searches and Related Processes for Returned Checks/stubs	Retirement Services Analyst I	Administrative Assistant II
Retiree Medical – Initial Enrollment	HR Analyst II	HR Department
Print, Stuff and Mail Pay Stubs	Payroll Analyst	Payroll Manager
Manage Stale and Lost Check Replacement	Payroll Analyst	Payroll Manager
Issue Copies of Retiree Pay Stubs and 1099-R Forms	Payroll Analyst	Payroll Manager

Plan Documents:

Task	Primary Responsibility	Back Up Responsibility
Negotiate Benefits, Provisions	VP, Employee Development and Engagement	Senior Manager, Labor Relations
Incorporate Negotiated Benefits/Provisions into Plan Documents	Chief Counsel, RT	External Counsel
Interpret Plan Provisions	Manager – Pension & Retirement,	External Counsel

	Hanson Bridgett	
Provide Guidance to Staff Regarding New Plan Provisions & Regulations	Manager – Pension & Retirement	Chief Counsel, RT

Contracting & Contract Administration:

Task	Primary Responsibility	Back Up Responsibility
Contract Management, including Oversight of RFP Processes	Manager – Pension & Retirement	VP - Finance
Legal Services (Hanson Bridgett) Contract Procurement	Manager – Pension & Retirement	VP - Finance
Actuarial Services (Cheiron) Contract Procurement	Manager – Pension & Retirement	VP - Finance
Investment Manager Services (Callan) Contract Procurement	Accountant II	VP - Finance
Ensure Adherence to Contract Provisions	Manager – Pension & Retirement	VP - Finance
Process Retirement Board Vendor Invoices	Retirement Services Analyst II	Manager - Pension & Retirement
Pay Invoices	Manager – Pension & Retirement	VP - Finance
Collect Form 700 Statements of Economic Interests from Retirement Board Vendors	Retirement Services Analyst I	Manager - Pension & Retirement

Retirement Board Meetings:

Task	Primary Responsibility	Back Up Responsibility
Manage Retirement Board Meeting Content and Process	Manager - Pension & Retirement	VP – Finance
Draft Staff Reports and Resolutions, Compile Attachments	Staff Presenting Issue to Board	Manager – Pension & Retirement, VP - Finance
Post Retirement Board Agenda Materials	Retirement Services Analyst I	Administrative Assistant II
Moderate Retirement Board Meetings	Manager - Pension & Retirement	VP - Finance

Retirement Board Administration:

Task	Primary Responsibility	Back Up Responsibility
Train Staff/Board Members	Manager – Pension & Retirement	Staff/Vendor with Subject Matter Expertise
Prepare and Process Travel Arrangements for Retirement Board Members for Training	Retirement Services Analyst I	Administrative Assistant II
Facilitate Annual Fiduciary Liability Insurance Renewal	Manager – Pension & Retirement	VP – Finance
Renew Fiduciary Liability Coverage & Communicate Waiver of Recourse Info. to Retirement Board Members	Manager - Pension & Retirement	VP – Finance
Develop and Administer Retirement Board Policies	Manager – Pension & Retirement	VP - Finance

Respond to Public Records Act Requests	Manager – Pension & Retirement	Retirement Service Analysts (I & II)
--	--------------------------------	--------------------------------------

Coordinate Actuarial Activities:

Task	Primary Responsibility	Back Up Responsibility
Valuation Study and Establish Contribution Rates (annual)	Manager – Pension & Retirement	VP - Finance
Experience Study (every 3-5 years)	Manager – Pension & Retirement	VP - Finance

Asset Management:

Task	Primary Responsibility	Back Up Responsibility
Asset Rebalancing	Accountant II	VP - Finance
Account Reconciliations	Accountant II	VP - Finance
Cash Transfers	Accountant II	VP - Finance
Fund Accounting	Accountant II	VP - Finance
Investment Management	Accountant II	VP - Finance
Financial Statement Preparation	Accountant II	VP - Finance
Annual Audit	Accountant II	VP – Finance
State Controller’s Office Reporting	Accountant II	Manager – Pension & Ret. VP – Finance
U.S. Census Bureau Reporting	Accountant II	Manager – Pension & Ret., VP - Finance
Work with Investment advisors (Callan), Custodian (Northern Trust), Fund Managers, Auditors, and Actuary (Cheiron)	Accountant II	Manager – Pension & Ret., VP - Finance
Review Monthly Asset Rebalancing	Accountant II	VP – Finance
Review/Update of Statement of Investment Objectives and Policy Guidelines management (at least annually)	Accountant II	VP – Finance

**HANSON BRIDGETT LLP &
SACRAMENTO REGIONAL TRANSIT DISTRICT RETIREMENT BOARDS**

LEGAL SERVICES SUMMARY

Set forth below is a broad summary report of significant legal matters addressed by Hanson Bridgett LLP for the Sacramento Regional Transit District (SacRT) Retirement Boards during the Quarter ended June 30, 2023.

1. Weekly client conference calls and as-needed client and internal conferences on pending matters, upcoming Board meetings and follow-up from prior Board meetings.
2. Prepare for and participate in quarterly Board Meetings, including review and markup of agenda materials.
3. Prepare for and participate in new Director orientation and training.
4. Finalize actuarial contract extension.
5. Provide counsel on issues including, but not limited to:
 - a. Treatment of Retirement Plans as component units in RT financial statements;
 - b. GASB reporting rules;
 - c. Fund manager communications;
 - d. Staff communications with Plan beneficiaries;
 - e. Pension system reciprocity;
 - f. Retiree reinstatement;
 - g. Unclaimed property and escheatment laws;
 - h. Application of SECURE 2.0; and
 - i. Updates to Investment Policy.

Respectfully Submitted,

/s/ Shayna M. van Hoften

RETIREMENT BOARD STAFF REPORT

DATE: September 13, 2023 Agenda Item: 11

TO: Sacramento Regional Transit Retirement Boards – ALL

FROM: Jason Johnson, VP, Finance/CFO

SUBJ: Investment Performance Review of the International Large Capital Equity Asset Class by Pyrford for the ATU, IBEW and Salaried Employee Retirement Funds for the Quarter Ended June 30, 2023 (ALL). (Johnson)

RECOMMENDATION

No Recommendation – For Information Only.

RESULT OF RECOMMENDED ACTION

Information Only

FISCAL IMPACT

None.

DISCUSSION

Retirement funds are invested consistent with the Statement of Investment Objectives and Policy Guidelines (Policy) adopted by each Retirement Board (Board). Under the Policy, the Boards meet at least once every eighteen (18) months with each investment manager to review the performance of the manager's investment, the manager's adherence to the Policy, and any material changes to the manager's organization. The Policy also establishes the Retirement Funds' asset allocation policy and the asset classes in which the Plans funds are invested. The asset classes established by the Policy are (1) Domestic Large Capitalization Equity, (2) Domestic Small Capitalization Equity, (3) International Large Capitalization Equity, (4) International Small Capitalization Equity, (5) International Emerging Markets, (6) Domestic Fixed-Income, and (7) Real Estate.

Pyrford is the Retirement Boards' International Large Capital Equity fund manager. Pyrford will be presenting performance results for the quarter ended June 30, 2023, shown in Attachment 1, and answering any questions.

Analysis: Authority to make investment recommendations subject to veto by investment professional with discretion or CIO.

Pyrford's investment philosophy

- A **quality** and **value-driven** approach, focused on **mitigating risk** will provide the potential to generate a positive real absolute rate of return over the long-term.
- **Country allocation** to determine relative value across the investable universe
- **“Absolute”** not “relative” risk
 - Possible zero weight in any country, sector or stock
- **Fundamental research** is critical in assessing long-term investment opportunities
 - Identify industry leaders with a sound capital structure trading at attractive valuations
- Strong portfolio construction discipline to ensure **diversified sources of return**
- **Not index oriented**
- **Low absolute volatility**

South LaSalle International Equities Trust - performance

Annualised returns – gross of fees (%) to 30 June 2023

	3 Months*	YTD	1 Year	2 Years	3 Years	4 Years	5 Years	6 Years	Since Client Inception (1st June 2017)
■ South LaSalle International Equities Trust	2.56	9.90	13.78	1.58	8.45	5.66	5.82	5.21	4.86

How the portfolio is positioned going forward

As at 30 June 2023

Europe

Epicentre of inflation outbreak

- Focus on corporates with strong balance sheets and pricing power.

Remain defensively positioned

- Positioned in “core” Europe.
- Zero exposure to European banks.

UK

- Attractive dividend yield despite payout ratio resets.
- Brexit drag unlikely to worsen from here.

Asia Pacific

Asia ex Japan

- Overweight - Long-term growth with attractive valuations.
- Economies driven by labour force expansions and investment in productivity growth.
- World equity indices do not reflect the region’s demographic and economic significance – we think this will change.
- Defensive portfolio - high quality emerging markets, niche companies and no real estate.

Japan

- Underweight – improving focus on shareholder returns balanced by domestic economic headwinds.
- Careful what you wish for – inflation may not be so popular now it has arrived.
- Exposure to multi-national leaders and defensive domestic names.

Pyrford International Ltd claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Pyrford International Ltd has been independently verified for the period January 1, 1994 to December 31, 2021 by Grant Thornton UK LLP. The verification report is available upon request.

A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards.

Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. Verification does not provide assurance on the accuracy of any specific performance report.

Notes to the performance presentation

Pyrford International is a wholly-owned subsidiary of Columbia Threadneedle Investments UK International Limited, whose direct parent is Ameriprise Financial Inc., a company incorporated in the United States. Based in the United Kingdom, Pyrford International provides international asset management services for its clients. As at June 30, 2023, Pyrford International Ltd had total firm assets of US\$8,946m; this comprises all discretionary and non-discretionary assets for which Pyrford International Ltd has investment management responsibility. For the purpose of measuring and presenting investment performance, all discretionary fee paying accounts of Pyrford International Ltd are allocated to a composite and a complete list and description of the composites is available on request. Additional information regarding the firm's policies and procedures for valuing investments, calculating performance and preparing GIPS reports is available upon request. A list of composite descriptions and a list of broad distribution pooled funds are available upon request.

The Pyrford International Ltd "International Equity (Base Currency US\$) composite" comprises all fully discretionary, international equity accounts with a market value greater than US\$10m, a base currency of US\$ and no hedging restrictions. The composite was first created on July 1, 1996, and the inception date is July 1, 1996. On April 1, 2002 the composite construction criteria were redefined to allow the inclusion of pooled funds, taxable funds and funds of between US\$10 – 15 million on the basis that these do not materially impact the returns generated. Foreign investing involves risks due to factors such as increased volatility, currency fluctuation and political uncertainties. The benchmark for the composite is the MSCI EAFE Index.

All returns are calculated in US\$ terms on a time-weighted basis. Effective May 1, 2013, portfolio returns are calculated daily. Prior to this date, portfolio returns were calculated monthly using the Modified Dietz method. Monthly composite returns are calculated by weighting each account's monthly return by its relative beginning market value. All returns are presented in US\$ terms.

The internal dispersion is calculated using the asset-weighted standard deviation of account gross returns included in the composite for the full year. For those periods with five or fewer accounts included for the entire year, "n/a" is noted because the dispersion is not considered meaningful.

The three-year annualised standard deviation measures the variability of the gross-of-fees composite returns over the preceding 36-month period.

The accounts in this composite are unleveraged and derivatives are used solely for currency hedging purposes.

As at June 30, 2023, 8.0% of the composite assets were invested in Indonesia, Malaysia, Thailand and Taiwan which are not included in the MSCI EAFE Index. Historically the composite has invested between 2.4% and 13.0% in these countries.

Performance results are presented gross of management and custodial fees, but net of transaction costs and before taxes (except for non-reclaimable withholding tax). The standard management fee schedule for segregated management is as follows: 0.70% per annum on the first US\$50 million; 0.50% on the next US\$50 million, and thereafter 0.35% per annum.

Net-of-fees performance has been calculated using the highest management fee of 0.70% per annum, as described in the firm's fee schedule shown above.

Returns will be reduced by advisory fees and other expenses, and the effect of these fees will compound over time. As a hypothetical example, if an account generated a 10% return each year for five years, it would have appreciated by 61%. If such an account paid a 1% annual fee, the appreciation on the fund would be 54%, or seven percentage points lower after five years.

There have been no significant events within the firm (such as ownership or changes to personnel and the investment process) which have materially impacted the historical investment performance. Risk disclosure

This information has been prepared for clients of Pyrford International Ltd and their consultants in the context of an advisory relationship and may not be used with any other person.

Individual performance returns may differ from those of the composite due to the size and timing of cash flows as well as your individual investment objectives.

Information as of 30 June 2023 unless otherwise noted. This information does not constitute investment advice and is issued without regard to specific investment objectives or the financial situation of any particular recipient.

All investments involve risk, including the possible loss of principal and a positive return is not guaranteed over any period. Past performance is not a guarantee of future results. Performance data shown in the document may not be in the local currency of the country where an investor is based. Actual returns may increase or decrease as a result of currency fluctuations. Dividends are not guaranteed and are subject to change or elimination.

The views expressed are as of the date given, may change as market or other conditions change, and may differ from views expressed by other Columbia Threadneedle Investments associates or affiliates. Actual investments or investment decisions made by Pyrford and its affiliates, whether for its own account or on behalf of clients, may not necessarily reflect the views expressed. Market conditions and trends will fluctuate. The value of an investment as well as income associated with investments may rise or fall. Accordingly, investors may receive back less than originally invested. Foreign investing involves special risks due to factors such as increased volatility, currency fluctuation and political uncertainties.

Information provided by third parties is deemed to be reliable but may be derived using methodologies or techniques that are proprietary or unique to the third-party source.

Any portfolio holdings information provided by Pyrford International Ltd or its agents or affiliates is proprietary and confidential. References to specific securities are included as an illustration of the investment management strategy and are not a recommendation to buy or sell. Holdings may represent only a small percentage of the portfolio and are subject to change based on market and other conditions. It should not be assumed that any particular security was or will prove to be profitable or that decisions in the future will be profitable or provide similar results to the securities discussed.

The statistical data and related information presented is designed to assist the reader in making an informed investment decision. Use of different statistical data and related information might portray different historical results. The information presented is not a comprehensive picture of the investment objectives, strategies and methodologies employed by the products or managers identified, and the reader is encouraged to conduct its own due diligence regarding any differences between the products and managers identified.

RETIREMENT BOARD STAFF REPORT

DATE: September 13, 2023 Agenda Item: 12

TO: Sacramento Regional Transit Retirement Boards – ALL

FROM: Jason Johnson, VP, Finance/CFO

SUBJ: Investment Performance Review of the Real Estate Asset Class by Clarion Partners for the ATU, IBEW and Salaried Employee Retirement Funds for the Quarter Ended June 30, 2023 (ALL). (Johnson)

RECOMMENDATION

No Recommendation – For Information Only.

RESULT OF RECOMMENDED ACTION

Information Only

FISCAL IMPACT

None.

DISCUSSION

Retirement funds are invested consistent with the Statement of Investment Objectives and Policy Guidelines (Policy) adopted by each Retirement Board (Board). Under the Policy, the Boards meet at least once every eighteen (18) months with each investment manager to review the performance of the manager's investment, the manager's adherence to the Policy, and any material changes to the manager's organization. The Policy also establishes the Retirement Funds' asset allocation policy and the asset classes in which the Plans funds are invested. The asset classes established by the Policy are (1) Domestic Large Capitalization Equity, (2) Domestic Small Capitalization Equity, (3) International Large Capitalization Equity, (4) International Small Capitalization Equity, (5) International Emerging Markets, (6) Domestic Fixed-Income, and (7) Real Estate.

Clarion Partners is one of the Retirement Boards' Real Estate fund managers. Clarion Partners will be presenting performance results for the quarter ended June 30, 2023, shown in Attachment 1, and answering any questions.

CONFIDENTIAL

Clarion Lion Properties Fund

Sacramento Regional Transit District | 13 September 2023

Presenter Biographies

Reza Basharzad

Managing Director, Senior Account Executive

Reza Basharzad, equity owner and Managing Director, is a Senior Account Executive within the Client Capital Management group. Reza manages relationships with U.S. institutional investors, primarily on the west coast, and works with them in allocating capital across a broad range of real estate strategies. His experience includes institutional client and investor relations, underwriting, product development and risk assessment. Reza joined Clarion Partners in 2021 and began working in the real estate industry in 2003.

Jessica Betts

Senior Vice President, Portfolio Management

Jessica Betts is a Senior Vice President on the Lion Properties Fund Portfolio Management Team at Clarion Partners. In this capacity she directly supports the Fund's Portfolio Managers with a focus on asset management and acquisitions. Previously, she served the Fund for several years, most recently as Vice President, Portfolio Operations focused on asset management and portfolio oversight of the Fund's West Coast assets. Jessica joined the Firm in 2011 and previously had asset management and acquisitions responsibilities for other Clarion portfolios.

Scale Across All Property Types

Scale enhances deal flow and tenant relationships across all major sectors

INDUSTRIAL \$44.6 billion, 1,006 properties, 47 markets

- Includes a \$34.2 billion² open-end, sector-focused fund; one of the largest private, pure-play industrial funds in the U.S.
- Growing European industrial presence through acquisition and development of logistics properties

MULTIFAMILY \$13.4 billion, 162 properties, 40 markets

- Spans spectrum: apartments, student housing, condominium projects
- Includes a \$5.7 billion² open-end, sector-focused fund operated by a vertically integrated, 41-year old operating company with over 25,000 owned/managed units in the U.S.

OFFICE \$7.7 billion, 92 properties, 20 markets

- Over 780 tenant relationships
- Investments in 20 MSAs nationwide

RETAIL \$5.7 billion, 111 properties, 30 markets

- Proven execution through JVs with public companies and direct investment
- Partner relationships include Brookfield Properties Retail Group, Simon, Kimco

LIFE SCIENCES \$3.3 billion, 25 properties, 4 markets

- Early investor in the sector, with first transaction closed in 2012
- Strategic market exposure, including Boston, San Francisco, and Seattle, and strong operator relationships

HOTEL \$1.2 billion, 54 properties, 36 markets

- Diversified portfolio of upper-scale branded hotels catering to business travel

Data is as of June 30, 2023. Dollar values and diversification percentages are GRE. ¹Excludes Land and Other Investments. ²Based on Fund's GAV at June 30, 2023. Please see the important disclosures at the end of this presentation.

Clarion Partners Management: Proven Industry Leaders

Senior management averages 29 years of experience and 17 years tenure with the Firm

¹Sue Ansel's tenure represents her tenure with Gables Residential, a Clarion portfolio company since 2005. Her participation on the Investment Committee is limited to multifamily investments. Data as of June 30, 2023. Numbers in parentheses represent tenure with the Firm/years in the industry. Staff counts are inclusive of administrative personnel but exclude the office of the CEO. Corporate Support includes Information Technology and Human Resources staff members.

Lion Properties Fund

Section II

Clarion Lion Properties Fund – Executive Summary

LPF HIGHLIGHTS:

- Consistent outperformance vs. the NFI-ODCE benchmark (net and gross) for the trailing 5-, 7-, and 10-year time periods
- High-quality, growth-oriented portfolio, difficult to replicate

Extra Space Austin, Austin, TX

Metrolina Park, Charlotte, NC

Atrio, Burbank, CA

400 Dexter, Seattle, WA

As of June 30, 2023. Past performance is not indicative of future results. Please see the important disclosures at the end of this presentation. 400 Dexter is in a 70%/30% joint venture with Alexandria Real Estate Equities, Inc. ("ARE") with the above images being provided courtesy of ARE.

An investment in the Fund is speculative and involves risk, including but not limited to those related to real estate investments. The Fund's offering memorandum includes a more in-depth discussion of these and other risks and should be reviewed prior to any investment in the Fund.

Property Type Diversification – Focus on Growth Sectors

¹In LPF's portfolio, it includes only life sciences assets. In the NFI-ODCE benchmark, "Life Sciences" represents "other" which is any asset not in four major property types (or self-storage). Data as of June 30, 2023. Percentages represent Gross Real Estate Value at share. Arrows indicate intended portfolio property type diversification targets. Fund Strategic Range is described in the Fund's offering memorandum and includes a more in-depth discussion of these and other risks and should be reviewed prior to any investment in the Fund. Target Tactical Range represents LPF's current views on sector allocation based on current market conditions and are subject to change. Past performance is not indicative of future results. Please see the important disclosures at the end of this presentation.

Geographic Diversification

As of June 30, 2023. Percentages represent Gross Real Estate Value at share. Arrows indicate intended portfolio geographic diversification targets.

Industrial Composition and Strategy

Positioning:

- Seek to expand overweight, given healthy relative rent growth forecast versus other major sectors
- Tenant credit generally strong; weighted average lease term of 4.8 years
- Targeted build-to-core strategy has been profitable; strong pipeline for further industrial development

Outlook:

- Market fundamentals remain healthy, with most markets well below long-term average vacancy
- Obsolescence, e-commerce growth and supply chain diversification remain tailwinds

INDUSTRIAL ALLOCATION

GEOGRAPHIC ALLOCATION

BUILDING SIZE

Cranbury Station, Cranbury, NJ

As of June 30, 2023. Chart percentages represent Gross Real Estate Value. Arrows indicate intended portfolio diversification targets. Past performance is not indicative of future results. Please see the important disclosures at the end of this presentation.

Multifamily Composition and Strategy

Positioning:

- Long-term overweight bias; low volatility, growth sector over time

Outlook:

- Operations remain favorable in most markets, with low vacancies and good (although moderating) rent growth
- Housing shortage coupled with pent-up demand creating favorable dynamics; renting more attractive than buying

MULTIFAMILY ALLOCATION¹

MULTIFAMILY TYPE

- Class A- / B+ (Typically Garden Apartments)
- Class A Luxury
- Rent Stabilized
- Active Adult

LOCATION TYPE

- Suburban
- Urban

LIFECYCLE

- Stabilized
- Unit Renovation
- Build-to-Core Development

¹LPF data as of June 30, 2023, NFI-ODCE as of March 31, 2023.

²As of March 31, 2023. ACOE is a peer group benchmark used by Lion Properties Fund to represent the ODCE funds within the MSCI benchmark.

As of June 30, 2023. Chart percentages represent Gross Real Estate Value. Arrows indicate intended portfolio diversification targets. Past performance is not indicative of future results. Please see the important disclosures at the end of this presentation.

Office Composition and Strategy

Positioning:

- Long-term underweight bias due to demand headwinds and elevated cap-ex
- Innovation market strategy (tech, digital media, life sciences/healthcare, education clusters, etc.) and focus on asset quality
- Tenant credit generally strong; weighted average lease term of 4.5 years
- Significant underweight to office in New York, Chicago, and Washington DC

OFFICE ALLOCATION

Outlook:

- Overall sector headwinds due to work-from-home policies and slowing job growth, but high-quality office in top locations has shown resilience and continued demand

OFFICE COMPOSITION BY MARKET

OFFICE LOCATION

TENANT BY SECTOR

¹Represents the Fund's office holdings in premier suburban markets such as West Los Angeles, Silicon Valley, and Eastside Seattle. As of June 30, 2023. Chart percentages represent Gross Real Estate Value. Arrows indicate intended portfolio diversification targets. Past performance is not indicative of future results. Please see the important disclosures at the end of this presentation.

Life Sciences Composition and Strategy

Positioning:

- Assets in top submarkets where vacancy rates remain low: Kendall Square, South San Francisco, and Lake Union Seattle
- Vast majority of rent roll is credit tenants (concentrated in big pharma companies: Merck, Bristol Myers, Genentech, etc.)
- Partnership with Alexandria Real Estate Equities, largest owner/operator, with a focus on purpose-built life sciences assets

Outlook:

- Demographics (aging population) driving long-term structural demand
- Near term softening, but solid fundamentals and low vacancy rates support healthy long-term outlook in the top locations

LIFE SCIENCES LOCATION

¹In LPF's portfolio, it includes only life sciences assets. In the NFI-ODCE benchmark, "Life Sciences" represents "other" which is any asset not in four major property types (or self-storage).

²Based on current in-place rents and market rent estimates provided by Altus, the Fund's third-party appraisal manager. Calculation represents the amount, expressed as a percentage, by which market rent estimate exceeds current in-place rents. Rent increases are not guaranteed. As of June 30, 2023. 400 Dexter is in a 70%/30% joint venture with Alexandria Real Estate Equities, Inc. ("ARE") with the above images being provided courtesy of ARE. Chart percentages represent Gross Real Estate Value. Arrows indicate intended portfolio diversification targets. Past performance is not indicative of future results. Please see the important disclosures at the end of this presentation.

Self-Storage Composition and Strategy

Positioning:

- Focus on undermanaged assets and undermanaged rent rolls; targeting well-established coastal markets, complemented by smaller growth metros (typically Sun Belt and Western region)
- Strong sourcing channel through joint venture partners

Outlook:

- Targeting 3%-5% of the Fund in storage due to favorable forecasted return outlook and strong historical track record; sector has low cap-ex drag and can be a good hedge against inflation (monthly leases)
- New supply appears manageable currently

STORAGE LOCATIONS

As of June 30, 2023. Chart percentages represent Gross Real Estate Value. Arrows indicate intended portfolio diversification targets. Past performance is not indicative of future results. Please see the important disclosures at the end of this presentation.

Retail Composition and Strategy

Positioning:

- Sector is defensive, but underweight bias given relatively high cap-ex needs and mediocre NOI growth
- Focus on grocery and neighborhood shopping centers, which are likely to remain resilient in the face of e-commerce competition and benefit from modest supply
- No exposure to mall sector

Outlook:

- Grocers and necessity retailers remain healthy; in some cases, improving rents and sales

RETAIL ALLOCATION

RETAIL FORMATS

As of June 30, 2023. Chart percentages represent Gross Real Estate Value. Arrows indicate intended portfolio diversification targets. Past performance is not indicative of future results. Please see the important disclosures at the end of this presentation.

Representative Properties¹

Everleigh Cool Springs, Franklin, TN

One Marina Park Drive, Boston, MA

Redlands Business Center, Redlands, CA

Extra Space Venice Blvd., Los Angeles, CA

The Henderson, Dallas, TX

Del Ola, Boca Raton, FL

Eastlake Life Sciences Campus, Seattle, WA

¹The above represents a select list of properties that the Fund is currently invested in as of June 30, 2023, that were selected based on visual appearance and are not necessarily reflective of all the investments in the Fund or the investments the Fund will make in the future. There can be no assurance that the Fund will be able to acquire similar properties in the future or that future acquisitions will be profitable or on similar terms. See Appendix B for a list of the Fund's major investments as of June 30, 2023. Please also see the important disclosures at the end of this presentation.

Recent Acquisition Activity

2023 ACQUISITIONS

PROPERTY	TYPE	MARKET	RISK	DATE	PURCHASE PRICE AT SHARE (\$)	CAP RATE	STABILIZED UNDERWRITTEN CAP RATE / ROC ³	UNLEVERED IRR ²
Extra Space Austin	Self-Storage	Austin	Core	02/07/23	23,275,000	3.6%	5.7%	8.3%
Extra Space Riverside	Self-Storage	Riverside	Core	02/07/23	21,826,250	4.5%	5.7%	7.7%
Plant City Logistics Center	Industrial	Tampa	Predev	03/15/23	17,250,000 ¹	N/A	5.9%	8.6%
					62,351,250			

¹Predevelopment - purchase price represents the cost of land and cap rate represents projected untrended return on cost.

²Underwritten Unlevered IRR presented without deduction of Fund-level fees. Please refer to the LPF Total Return After Fees for information regarding Fund-level net performance.

³Stabilized cap rate and return on cost are derived from Clarion Partners' underwriting projections at acquisition.

There can be no assurance that the Fund will be able to acquire similar properties in the future or that future acquisitions will be on similar terms. Please see appendices at the end of the presentation for a list of the Fund's major investments as of June 30, 2023.

As of June 30, 2023. The activity described above includes all transactions consummated by the Fund since January 1, 2023. Underwritten capitalization rates and underwritten IRRs are derived from Clarion Partners' underwriting assessment prior to acquisition. Forecasts have certain inherent limitations and are based on complex calculations and formulas that contain substantial subjectivity and should not be relied upon as being indicative of future results. **Underwritten IRRs are not projections of future performance and are not updated after acquisition.**

Recent Disposition Activity

2023 DISPOSITIONS

PROPERTY	TYPE	MARKET	DATE	LAST APPRAISAL (\$)	SALES PRICE (\$)	GROSS REALIZED IRR ¹	NET REALIZED IRR ²
44 Berry Street	Multifamily	New York	01/25/23	41,800,000	40,300,000	7.0%	6.3%
Printhouse Lofts	Multifamily	New York	01/25/23	26,300,000	27,815,000	0.8%	0.1%
Bronx Apartment Portfolio	Multifamily	New York	04/06/23	61,717,000	55,601,000	-9.9%	-10.6%
				129,817,000	123,716,000		

¹Realized IRRs are property-level unlevered returns presented solely on a gross basis, without deduction of any Fund-level fees, which in the aggregate are substantial and will reduce returns to investors. Please refer to the LPF Total Return After Fees for information regarding Fund-level net performance.

²The underwritten hold period for Fund assets is 10 years and a 10-year unlevered fund-level gross to net spread is applied to the asset-level gross realized IRR to derive net realized IRR above. Net property performance is presented net of actual Fund fees and expenses, and was calculated by (1) determining the Fund's gross performance before Fund expenses and fees, (2) determining the Fund's net performance (which includes deductions for all Fund expenses and all fees), and (3) determining the mathematical difference between the Fund's gross performance and net performance for the respective time presented. Where unlevered returns are presented, the calculation above is repeated with adjustments to remove the effects of fund and property debt.

As of June 30, 2023. The activity described above includes all transactions consummated by the Fund since January 1, 2023. Past performance is not indicative of future results. Please see the important disclosures at the end of this presentation.

Financial Management

- Current leverage ratio: 24.1%
- Fixed 89% / Floating 11%
- \$500 million revolving line of credit for liquidity purposes, undrawn at 6/30/2023
- Executed \$295 million of private placement notes during 2Q23
 - \$145 million is floating rate with a term of 5 years and a rate of Term SOFR + spread of 190 bps
 - \$150 million is fixed rate with terms ranging from 4 to 10 years and a weighted average interest rate of 5.75%
- Placed \$150 million Fund level term loan to be drawn during 3Q23 with a floating rate of Term SOFR + spread of 135 bps, maturing 2Q25
- Extended \$125 million Fund level line of credit term loan to 2024 with an additional \$125 million upside to be drawn during 3Q23

ANNUAL DEBT MATURITIES

AS OF JUNE 30, 2023	AMOUNT (M)	CONTRACTUAL RATE	MARKET RATE ¹	YEARS
Fund Level Debt	\$3,283	4.44%	6.13%	6.4
Property Mortgages	\$2,011	3.84%	6.36%	4.8
Total Debt (Par Value)	\$5,294	4.21%	6.22%	5.8

¹Represents prevailing interest rates on the Fund's existing loans calculated by Fund's Debt Valuation Firm pursuant to the Fund's Debt Valuation Policy. As of June 30, 2023. Past performance is not indicative of future results. Please see the important disclosures at the end of this presentation.

RETIREMENT BOARD STAFF REPORT

DATE: September 13, 2023 Agenda Item: 13
TO: Sacramento Regional Transit Retirement Boards – ALL
FROM: Jason Johnson, VP, Finance/CFO
SUBJ: RECEIVE AND FILE INVESTMENT PERFORMANCE RESULTS FOR THE ATU, IBEW AND SALARIED EMPLOYEE RETIREMENT PLANS FOR THE QUARTER ENDED JUNE 30, 2023 (ALL). (JOHNSON)

RECOMMENDATION

Motion to Approve

RESULT OF RECOMMENDED ACTION

Motion: Receive and File Investment Performance Results for the ATU, IBEW and Salaried Employee Retirement Plans for the Quarter Ended June 30, 2023 (ALL). (Johnson)

FISCAL IMPACT

None.

DISCUSSION

Pension funds are invested consistent with the Statement of Investment Objectives and Policy Guidelines adopted by each Retirement Board. Attached are the two investment performance reports prepared by the Boards' pension investment consultants. The first report is the Second Quarter 2023 Market Update (Attachment 1) and the second is the Investment Measurement Service Quarterly Review as of June 30, 2023 (Attachment 2). These reports provide a detailed analysis of the performance of each of the investment managers retained by the Retirement Boards to manage the Retirement Funds for the quarter ended June 30, 2023. The second report compares the performance of each investment manager with benchmark indices, other fund managers of similarly invested portfolios and other indices.

Investment Compliance Monitoring

In accordance with the Statement of Investment Objectives and Policy Guidelines for the Sacramento Regional Transit District Retirement Plans (Investment Policy), Northern Trust Company performs daily investment compliance monitoring on the Plans' three (3) actively managed funds. As of June 30, 2023, there was a compliance breach reported; however the report was investigated and it was determined that the breach report was due to restructuring of a company held by the Plans' fixed income manager (Intelsat, held by MetWest/TCW) as part of a corporate action. Northern Trust's compliance monitoring settings were set to flag equity common stock, equity rights and other sundry assets as compliance breaches.

The Intelsat investments were originally purchased as Corporate Bonds so this incident is not a violation of the investment policy. The current equity common stock, equity rights and other sundry assets will continue to be monitored until MetWest/TCW disposes of the securities. The final attached report includes the monitoring summary (Attachment 3).

The table below provides an overview of the quarter performance, quarter ending June 30, 2023 – gross of investment management fees:

Investment Manager - Description - Benchmark	Benchmark Index	ATU, IBEW & Salaried Fund	Investment Gains/ (Losses)	Pension Fund Contributions/ (Withdrawals)

Economic Commentary

Quarterly Real GDP Growth

U.S. Treasury Yield Curves

U.S. economy grew 2.4% in Q2, ahead of the 2.0% growth seen in at the end of the first quarter.

- ▶ Headline inflation softened to 3% year-over-year through June, down from 5% at the end of March.
- ▶ The Federal Reserve hiked interest rates by 25 bps at their May meeting before pausing in June. The Fed resumed their hiking at the end of July (target range 5.25-5.50%). The 11th hike since March 2022.
- ▶ Unemployment increased slightly to 3.5% in the second quarter.

The Treasury yield curve remains inverted

- ▶ U.S. Treasury yield shifted up across the curve during the quarter, negatively impacting most bond prices.
- ▶ Higher yields increase the risk of inducing recession, which could lead to a reversal in interest rate policy and a lower return.

Bloomberg TIPS:

Equity Markets Rebound Sharply in 1Q and 2Q; Fixed Income Markets Down in 2Q

S&P 500 up 16.9% in first half of 2023.

- US equities rallied in the quarter as inflation eased and exuberance over artificial intelligence platforms fueled certain technology stocks.
- One year equity returns are strong again as steep market declines from the first half of 2022 (S&P 500: -20%) have rolled off.

Fixed income positive year to date as high inflation began to ease but declined last quarter as interest rates rose.

- Bloomberg Aggregate: up 3% in 1Q but declined 0.8% in 2Q as Fed continued to raise rates.
- One year returns still recuperating from largest calendar year decline ever for the Bloomberg Aggregate (-13%).
- CPI-U: +3% year-over year for 2Q, down from +6.5% for the year ended Dec. 2022

Inflation was 4% in May, its lowest level since March 2021.

Economic data defied expectations of recession; GDP growth was revised up to 2.0% in 1Q, and hit 2.4% in 2Q

- Job market remains solid, providing support to Fed efforts to fight inflation

U.S. Equity Performance: 2Q23

Large cap growth stocks lead broad indices higher; small cap indices continue to lag large caps

- ▶ The S&P 500 posted a second straight quarter of positive performance, gaining 8.7%; large cap growth led all styles, advancing 12.8%. All U.S. equity indices produced absolute positive returns; small value and low volatility produced the lowest 2Q returns.
- ▶ Nine of the 11 S&P 500 Index sectors produced a positive 2Q return.
 - Information Technology (17.2%), Consumer Discretionary (14.6%), and Communication Services (13.1%) drove the overall index return; all other sectors underperformed the index.
- ▶ Similar to the first quarter, small caps (Russell 2000) underperformed large caps (Russell 1000) and growth outperformed value during the quarter, a reversal of trend from 2022.
 - Financials (-1.1%) detracted returns for the Russell 2000 (5.2%) while Health Care was the only small cap sector to produce double digit returns (11.2%) within the small cap index.

U.S. Equity Overview

Index concentration is a significant 2Q theme

The top chart illustrates the top five S&P 500 Index contributors through 2Q.

- ▶ 10 stocks within the S&P 500 Index contributed 80% of the 16.9% return; average appreciation is 82% and an average forward price/earnings ratio of 36x. They account for 32% of the index's market capitalization.
- ▶ 2Q return for the S&P 500 Index was 8.7%; the equal weight S&P 500 Index returned 4%.
 - The YTD return difference is nearly 10%; if this gap holds through year-end, it would be the largest since 1998.

Global/Global ex-U.S. Equity Performance: 2Q23

Continued market rally

- ▶ The second quarter of the year saw global markets led higher by mega cap technology stocks, in part due to increased optimism around artificial intelligence advancements.
- ▶ Mega cap technology companies, which are primarily U.S.-based, led markets higher and resulted in large dispersions between U.S. growth and value indices. Outside of the U.S., growth and value index returns were relatively balanced.
- ▶ Market expectations of a recession decreased as inflation showed signs of abating while the Fed kept rates unchanged in June.
- ▶ Japan outperformed other regions in local currency as valuations continued to be attractive alongside the Bank of Japan's easy monetary policy.
- ▶ Developed markets outperformed emerging markets as China weighed on emerging markets indices.

U.S. Fixed Income Performance: 2Q23

Bloomberg Aggregate down as rates rose

- ▶ Risk appetite and solid economic news spurred returns for spread sectors and lower quality over safe-haven Treasuries.
- ▶ U.S. Treasury yield curve inversion steepened to 106 bps from 58 bps on 6/30:
 - 2- year UST: 4.87%; 10-year UST: 3.81%
- ▶ TIPS performed in line with nominal U.S. Treasuries. Five-year breakeven spreads narrowed to 2.18% from 2.4% on 3/31; Fed and markets expect inflation to trend down over longer periods.
- ▶ Fed Funds target raised to 5.00% - 5.25%
 - Paused at June meeting but suggested that further hikes are likely
 - Median expectation from Fed is 5.6% for year-end 2023
 - Market expectations are similar at 5.4%; up sharply from expectations for cuts at the end of 1Q
- ▶ Valuations fair
 - Credit spreads have not widened materially and are close to historical averages
 - Demand has remained robust with muted issuance

U.S. Private Real Estate Performance: 2Q23

Income returns positive but appreciation returns negative once again

Valuations reflect higher interest rates

- ▶ Income returns were positive across sectors and regions.
- ▶ All property sectors and regions, except for Hotel, experienced negative appreciation.
- ▶ Valuations are reflective of higher interest rates, which have put upward pressure on capitalization rate and discount rate assumptions.
- ▶ Return dispersion by manager within the ODCE Index was due to the composition of underlying portfolios.

Watch List

Manager/ Mandate	Date Added to Watch	Reason	Recommended Action
TCW/MetWest Fixed Income	Added Q3 2023	<p>➤ TCW/MetWest announced upcoming senior fixed income leadership transitions. Laird Landmann and Steve Kane, both of whom are Generalist Portfolio Managers and are part of the original team that came to TCW from MetWest in 2010, will be retiring at the end of 2023 (Landmann) and 2024 (Kane). TCW had been hinting at major leadership changes for some time given the tenure of the senior members on the team and the promotion of Ruben Hovhannisyan to Associate Generalist Portfolio Manager in 2021. Hovhannisyan and Jerry Cudzil, Global Head of Credit Trading, will now join Co-CIO Bryan Whalen as Generalists, along with Landmann and Kane until they step away. Whalen joined TCW in 2010 from MetWest alongside Landmann, Kane, and Tad Rivelle who retired in 2021. Cudzil has been with TCW since 2012, and Hovhannisyan since 2007.</p>	<p>➤ Callan does not have immediate concerns with this change given the tenure and experience of Whalen, Hovhannisyan, and Cudzil along with the deep teams of specialists that support them. However, the performance, team, and portfolio will be monitored by the Boards and the investment consultant on a quarterly and annual basis for a minimum of two years as they move through this transition.</p>

Intro to Alternatives

This course is for institutional investors, including trustees and staff members of public plans, corporate plans, and nonprofits. This session familiarizes trustees and staff with alternative investments like private equity, hedge funds, and real estate and how they can play a key role in any portfolio. You will learn about the importance of allocations to alternatives and how to consider integrating, evaluating, and monitoring them.

– August 23-24, 2023 – Virtual Session via Zoom

Intro to Investments—Learn the Fundamentals

This course is for institutional investors, including trustees and staff members of public plans, corporate plans, and nonprofits. This session familiarizes trustees and staff with basic investment theory, terminology, and practices.

– September 26–28, 2023 – Virtual Session via Zoom

– November 1–2, 2023 – Atlanta, Georgia

Watch List

TCW is being added to the watch list as we monitor the portfolio manager transitions.

* Current Quarter Target = 32.0% S&P 500 Index, 25.0% Blmbg Aggregate, 14.0% MSCI EAFE, 10.0% NCREIF NFI-ODCE Val Wt Gr, 8.0% Russell 2000 Index, 6.0% MSCI EM and 5.0% MSCI EAFE Small.

U.S. EQUITY

Large cap growth stocks lead broad indices higher

- The S&P 500 posted a second straight quarter of positive performance, gaining 8.7%; large cap growth led all styles, advancing 12.8%.
- All U.S. equity indices produced positive returns; small value and low volatility produced the lowest 2Q returns.
- Nine of the 11 S&P Index sectors produced a positive 2Q23 return.
- Similar to 1Q23, small caps (Russell 2000) underperformed large caps (Russell 1000) and growth outperformed value during the quarter, a reversal of trend from 2022.
- Financials (-1.1%) detracted from returns for the Russell 2000 (+5.2%) while Health Care was the only small cap sector to produce double-digit returns (+11.2%).

Index concentration is a significant 2Q theme

- 10 stocks within the S&P 500 Index contributed 80% of the 16.9% return YTD through 6/30; average appreciation is 82%, and these stocks had an average forward price/earnings ratio of 36x.
- 2Q return for the S&P 500 Index was 8.7%; the equal weight S&P 500 Index returned 4%.
- The YTD return difference is nearly 10 percentage points; if this gap holds through year-end, it would be the largest since 1998.

Small cap valuations point to potential opportunity

- Small cap continues to trade at a meaningful discount to its historical valuations; large cap (particularly growth) continues to trade at a premium to its historical valuations.
- Favorable developments in the inflation data could give the small cap market a boost in performance.
- One recent issue that caused this relative valuation gap is debt; on average, small cap companies have a higher exposure to variable rate debt than large cap counterparts.

GLOBAL EQUITY

2Q23 continued global and global ex-U.S. equity markets' positive performance from the prior quarter.

Technology stocks lead markets higher

- 2Q23 saw global markets led higher by mega cap technology stocks, in part due to increased optimism around artificial intelligence advancements.
- Market expectations of a recession decreased as inflation showed signs of abating while the Fed kept rates unchanged in June.
- Japan outperformed other regions in local currency as valuations continued to be attractive alongside the Bank of Japan's easy monetary policy.

Developed vs. emerging markets

- Developed markets outperformed emerging markets as China weighed on EM indices.

Growth vs. value

- Mega cap technology companies, which are primarily U.S.-based, led markets higher and resulted in large dispersions between U.S. growth and value indices. However, outside of the U.S., growth and value index returns were relatively balanced.

Japan's turn

- Valuation below historical levels
- Economic recovery; in 1Q Japan transitioned out of a recession as GDP grew 2.7%.
- Next 12 months consensus earnings estimates show Japan outpacing China, EM, and Europe, and only trailing the U.S.

India vs. China

Economics

- Chinese geopolitical tensions have, in part, driven outside investment elsewhere compared to India, with Prime Minister Modi's visit to the U.S. highlighting its place in the world economy.
- China's New Espionage Law (effective July 2023) likely contributing to less foreign investment; \$20 billion ended 1Q23 versus \$100 billion ended 1Q22.

Asset flows

- India's equity market has more than doubled since 2010.

Growth

- India surpassing China with % of population in the middle class in 2030, and from 2023 to 2030 will contribute twice as much growth from this group than China in the Asia Pacific region.

Global Equity: Quarterly Returns

Global Equity: One-Year Returns

U.S. FIXED INCOME

Bloomberg Aggregate down as rates rose

Risk appetite and solid economic news spurred returns for spread sectors and lower quality.

- Corporate excess return: +131 bps
- Mortgage excess return: +76 bps
- High yield corporates excess return: +279 bps
- AA excess return: +84 bps
- BBB excess return: +157 bps

Yield curve inversion steepened

- 2- year U.S. Treasury: 4.87%; 10-year: 3.81%

TIPS performed in line with nominal U.S. Treasuries

- Five-year breakeven spreads narrowed to 2.18% from 2.40% on 3/31
- Fed and markets expect inflation to trend down over longer periods

Fed Funds target raised to 5.00% - 5.25%

- Paused at June meeting but suggested that further hikes are likely
- Median expectation from Fed: 5.6% for year-end 2023
- Market expectations are similar at 5.4%; up sharply from expectations for cuts at the end of 1Q.

Valuations fair

- Credit spreads have not widened materially and are close to historical averages.
- Demand has remained robust with muted issuance.

MUNICIPAL BONDS

Municipal bonds outperformed U.S. Treasuries in 2Q

- Bloomberg Municipal Bond Index: -0.1%; Bloomberg U.S. Treasury Index: -1.4%
- Lower quality munis outperformed (AAA: -0.4%; AA: -0.2%; A: +0.2%; BBB: +0.7%)

Muni curve inverted; less so than U.S. Treasury curve

- 2-year AAA Muni yield: 2.93%; 10-year AAA Muni yield: 2.56%

Valuations relative to U.S. Treasuries remain rich

- 10-year AAA Muni/10-year U.S. Treasury yield ratio 67%; below 10-year median of 87%
- After-tax yield 5.95% (Bloomberg Municipal Bond Index)

U.S. Fixed Income: Quarterly Returns

U.S. Fixed Income: One-Year Returns

U.S. Treasury Yield Curves

Sources: Bloomberg, Credit Suisse

MUNICIPAL BONDS (continued)

Supply/demand

- Outflows of roughly \$8 billion YTD, mostly from short-term bond funds (record was \$122 billion in 2022)
- Supply remained muted; YTD about 25% below 2022

Fundamentals remain sound

- “Rainy Day” fund balances and state tax revenues continued to be robust
- Upgrades continued to significantly outpace downgrades in 1Q

Source: Eaton Vance

GLOBAL FIXED INCOME

Global Aggregate down unhedged but up hedged

- Rates mixed; up in the U.S., Great Britain, and Australia and flat to slightly down across other developed markets
- Japan (-8%) worst performer on sharp yen depreciation
- Bank of England surprised markets with 50 bp increase to combat sticky inflation.

U.S. dollar mixed

- Euro: +0.4% vs dollar
- British pound: +2.8% vs dollar
- Canadian dollar: +2.3% vs dollar
- Japanese yen: -7.9% vs dollar
- Australian dollar: -0.6% vs dollar
- Chinese yuan: -5.4% vs dollar
- Mexican peso: +5.3% vs dollar
- Brazilian real: +5.1% vs dollar

Emerging market debt delivered solid results

- Growth differentials have improved as inflation has peaked in many markets

Quarterly Total Fund Relative Attribution - June 30, 2023

The following analysis approaches Total Fund Attribution from the perspective of relative return. Relative return attribution separates and quantifies the sources of total fund excess return relative to its target. This excess return is separated into two relative attribution effects: Asset Allocation Effect and Manager Selection Effect. The Asset Allocation Effect represents the excess return due to the actual total fund asset allocation differing from the target asset allocation. Manager Selection Effect represents the total fund impact of the individual managers excess returns relative to their benchmarks.

Asset Class Under or Overweighting

Domestic Equity

As of June 30, 2023

This page analyzes the current investment style of a portfolio utilizing a detailed holdings-based style analysis to determine actual exposures to various market capitalization and style segments of the domestic equity market. The market is segmented quarterly by capitalization and style. The capitalization segments are dictated by capitalization decile breakpoints. The style segments are determined using the "Combined Z Score", based on the eight fundamental factors used in the MSCI stock style scoring system. The upper-left style map illustrates the current market capitalization and style score of the portfolio relative to indices and/or peers. The upper-right style exposure matrix displays the current portfolio and index weights and stock counts (in parentheses) in each capitalization/style segment of the market. The middle chart illustrates the total exposures and stock counts in the three style segments, with a legend showing the total growth, value, and "combined Z" (growth - value) scores. The bottom chart exhibits the sector weights as well as the style weights within each sector.

Atlanta Capital Equity Characteristics Analysis Summary

Portfolio Characteristics

This graph compares the manager's portfolio characteristics with the range of characteristics for the portfolios which make up the manager's style group. This analysis illustrates whether the manager's current holdings are consistent with other managers employing the same style.

Portfolio Characteristics Percentile Rankings Rankings Against Callan Small Capitalization as of June 30, 2023

Sector Weights

The graph below contrasts the manager's sector weights with those of the benchmark and median sector weights across the members of the peer group. The magnitude of sector weight differences from the index and the manager's sector diversification are also shown. Diversification by number and concentration of holdings are also compared to the benchmark and peer group. Issue Diversification represents by count, and Diversification Ratio by percent, the number of holdings that account for half of the portfolio's market value.

Current Holdings Based Style Analysis

Atlanta Capital

As of June 30, 2023

This page analyzes the current investment style of a portfolio utilizing a detailed holdings-based style analysis to determine actual exposures to various market capitalization and style segments of the domestic equity market. The market is segmented quarterly by capitalization and style. The capitalization segments are dictated by capitalization decile breakpoints. The style segments are determined using the "Combined Z Score", based on the eight fundamental factors used in the MSCI stock style scoring system. The upper-left style map illustrates the current market capitalization and style score of the portfolio relative to indices and/or peers. The upper-right style exposure matrix displays the current portfolio and index weights and stock counts (in parentheses) in each capitalization/style segment of the market. The middle chart illustrates the total exposures and stock counts in the three style segments, with a legend showing the total growth, value, and "combined Z" (growth - value) scores. The bottom chart exhibits the sector weights as well as the style weights within each sector.

Country Allocation

International Equity VS Intl Eq - Benchmark Characteristics

Country Allocation

The chart below contrasts the portfolio's country allocation with that of the index as of June 30, 2023. This chart is useful because large deviations in country allocation relative to the index are often good predictors of tracking error in the subsequent quarter. To the extent that the portfolio allocation is similar to the index, the portfolio should experience more "index-like" performance. In order to illustrate the performance effect on the portfolio and index of these country allocations, the individual index country returns are also shown.

Pyrford Equity Characteristics Analysis Summary

Portfolio Characteristics

This graph compares the manager's portfolio characteristics with the range of characteristics for the portfolios which make up the manager's style group. This analysis illustrates whether the manager's current holdings are consistent with other managers employing the same style.

Portfolio Characteristics Percentile Rankings Rankings Against Callan Non-US Developed Core Equity as of June 30, 2023

Sector Weights

The graph below contrasts the manager's sector weights with those of the benchmark and median sector weights across the members of the peer group. The magnitude of sector weight differences from the index and the manager's sector diversification are also shown. Diversification by number and concentration of holdings are also compared to the benchmark and peer group. Issue Diversification represents by count, and Diversification Ratio by percent, the number of holdings that account for half of the portfolio's market value.

Current Holdings Based Style Analysis

Pyrford

As of June 30, 2023

This page analyzes the current investment style of a portfolio utilizing a detailed holdings-based style analysis to determine actual exposures to various regional and style segments of the international/global equity market. The market is segmented quarterly by region and style. The style segments are determined using the "Combined Z Score", based on the eight fundamental factors used in the MSCI stock style scoring system. The upper-left style map illustrates the current market capitalization and style score of the portfolio relative to indices and/or peers. The upper-right style exposure matrix displays the current portfolio and index weights and stock counts (in parentheses) in each region/style segment of the market. The middle chart illustrates the total exposures and stock counts in the three style segments, with a legend showing the total growth, value, and "combined Z" (growth - value) scores. The bottom chart exhibits the sector weights as well as the style weights within each sector.

Current Holdings Based Style Analysis

DFA Emerging Markets

As of June 30, 2023

This page analyzes the current investment style of a portfolio utilizing a detailed holdings-based style analysis to determine actual exposures to various regional and style segments of the international/global equity market. The market is segmented quarterly by region and style. The style segments are determined using the "Combined Z Score", based on the eight fundamental factors used in the MSCI stock style scoring system. The upper-left style map illustrates the current market capitalization and style score of the portfolio relative to indices and/or peers. The upper-right style exposure matrix displays the current portfolio and index weights and stock counts (in parentheses) in each region/style segment of the market. The middle chart illustrates the total exposures and stock counts in the three style segments, with a legend showing the total growth, value, and "combined Z" (growth - value) scores. The bottom chart exhibits the sector weights as well as the style weights within each sector.

Country Allocation

DFA Emerging Markets VS MSCI Emerging Markets Index

Country Allocation

The chart below contrasts the portfolio's country allocation with that of the index as of June 30, 2023. This chart is useful because large deviations in country allocation relative to the index are often good predictors of tracking error in the subsequent quarter. To the extent that the portfolio allocation is similar to the index, the portfolio should experience more "index-like" performance. In order to illustrate the performance effect on the portfolio and index of these country allocations, the individual index country returns are also shown.

Risk/Reward Statistics

The risk statistics used in this report examine performance characteristics of a manager or a portfolio relative to a benchmark (market indicator) which assumes to represent overall movements in the asset class being considered. The main unit of analysis is the excess return, which is the portfolio return minus the return on a risk free asset (3 month T-Bill).

Alpha measures a portfolio's return in excess of the market return adjusted for risk. It is a measure of the manager's contribution to performance with reference to security selection. A positive alpha indicates that a portfolio was positively rewarded for the residual risk which was taken for that level of market exposure.

Beta measures the sensitivity of rates of portfolio returns to movements in the market index. A portfolio's beta measures the expected change in return per 1% change in the return on the market. If a beta of a portfolio is 1.5, a 1 percent increase in the return on the market will result, on average, in a 1.5 percent increase in the return on the portfolio. The converse would also be true.

Downside Risk stems from the desire to differentiate between "good risk" (upside volatility) and "bad risk" (downside volatility). Whereas standard deviation punishes both upside and downside volatility, downside risk measures only the standard deviation of returns below the target. Returns above the target are assigned a deviation of zero. Both the frequency and magnitude of underperformance affect the amount of downside risk.

Excess Return Ratio is a measure of risk adjusted relative return. This ratio captures the amount of active management performance (value added relative to an index) per unit of active management risk (tracking error against the index.) It is calculated by dividing the manager's annualized cumulative excess return relative to the index by the standard deviation of the individual quarterly excess returns. The Excess Return Ratio can be interpreted as the manager's active risk/reward tradeoff for diverging from the index when the index is mandated to be the "riskless" market position.

Information Ratio measures the manager's market risk-adjusted excess return per unit of residual risk relative to a benchmark. It is computed by dividing alpha by the residual risk over a given time period. Assuming all other factors being equal, managers with lower residual risk achieve higher values in the information ratio. Managers with higher information ratios will add value relative to the benchmark more reliably and consistently.

R-Squared indicates the extent to which the variability of the portfolio returns are explained by market action. It can also be thought of as measuring the diversification relative to the appropriate benchmark. An r-squared value of .75 indicates that 75% of the fluctuation in a portfolio return is explained by market action. An r-squared of 1.0 indicates that a portfolio's returns are entirely related to the market and it is not influenced by other factors. An r-squared of zero indicates that no relationship exists between the portfolio's return and the market.

Relative Standard Deviation is a simple measure of a manager's risk (volatility) relative to a benchmark. It is calculated by dividing the manager's standard deviation of returns by the benchmark's standard deviation of returns. A relative standard deviation of 1.20, for example, means the manager has exhibited 20% more risk than the benchmark over that time period. A ratio of .80 would imply 20% less risk. This ratio is especially useful when analyzing the risk of investment grade fixed-income products where actual historical durations are not available. By using this relative risk measure over rolling time periods one can illustrate the "implied" historical duration patterns of the portfolio versus the benchmark.

Residual Portfolio Risk is the unsystematic risk of a fund, the portion of the total risk unique to the fund (manager) itself and not related to the overall market. This reflects the "bets" which the manager places in that particular asset market. These bets may reflect emphasis in particular sectors, maturities (for bonds), or other issue specific factors which the manager considers a good investment opportunity. Diversification of the portfolio will reduce or eliminate the residual risk of that portfolio.

Risk/Reward Statistics

Rising Declining Periods refer to the sub-asset class cycles vis-a-vis the broader asset class. This is determined by evaluating the cumulative relative sub-asset class index performance to that of the broader asset class index. For example, to determine the Growth Style cycle, the S&P 500 Growth Index (sub-asset class) performance is compared to that of the S&P 500 Index (broader asset class).

Sharpe Ratio is a commonly used measure of risk-adjusted return. It is calculated by subtracting the "risk-free" return (usually 3 Month Treasury Bill) from the portfolio return and dividing the resulting "excess return" by the portfolio's risk level (standard deviation). The result is a measure of return gained per unit of risk taken.

Sortino Ratio is a downside risk-adjusted measure of value-added. It measures excess return over a benchmark divided by downside risk. The natural appeal is that it identifies value-added per unit of truly bad risk. The danger of interpretation, however, lies in these two areas: (1) the statistical significance of the denominator, and (2) its reliance on the persistence of skewness in return distributions.

Standard Deviation is a statistical measure of portfolio risk. It reflects the average deviation of the observations from their sample mean. Standard deviation is used as an estimate of risk since it measures how wide the range of returns typically is. The wider the typical range of returns, the higher the standard deviation of returns, and the higher the portfolio risk. If returns are normally distributed (ie. has a bell shaped curve distribution) then approximately 2/3 of the returns would occur within plus or minus one standard deviation from the sample mean.

Total Portfolio Risk is a measure of the volatility of the quarterly excess returns of an asset. Total risk is composed of two measures of risk: market (non-diversifiable or systematic) risk and residual (diversifiable or unsystematic) risk. The purpose of portfolio diversification is to reduce the residual risk of the portfolio.

Tracking Error is a statistical measure of a portfolio's risk relative to an index. It reflects the standard deviation of a portfolio's individual quarterly or monthly returns from the index's returns. Typically, the lower the Tracking Error, the more "index-like" the portfolio.

Treynor Ratio represents the portfolio's average excess return over a specified period divided by the beta relative to its benchmark over that same period. This measure reflects the reward over the risk-free rate relative to the systematic risk assumed.

Note: Alpha, Total Risk, and Residual Risk are annualized.

Quarterly Highlights

The Callan Institute provides research to update clients on the latest industry trends and carefully structured educational programs to enhance the knowledge of industry professionals. Visit www.callan.com/research-library to see all of our publications, and www.callan.com/blog to view our blog. For more information contact Barb Gerraty at 415-274-3093 / institute@callan.com.

New Research from Callan's Experts

[2023 Private Credit Fees and Terms Study](#) | Catherine Beard and Jared Ungar assess private credit partnerships in our first fees and terms study for this asset class.

[2Q23 Real Assets Reporter: Life Sciences Investments](#) | Christine Mays describes life sciences investments and the role they can play in institutional portfolios.

[The Critical Underlying Technology Behind Digital Assets: A Primer for Institutional Investors](#) | This paper provides background on key concepts around digital assets: blockchains and distributed ledgers; cryptography; validation protocols; smart contracts; and tokenization.

Blog Highlights

[Biodiversity: A Relatively New Theme for ESG-Focused Investors](#) | Biodiversity investments include companies that support the sustainable use of natural resources and ecosystem services or technologies, or products or services that reduce biodiversity threats or restore natural habitats.

[Higher Interest Rates Meet Lower Valuations: Implications for the CRE Industry](#) | The commercial real estate (CRE) industry, already facing challenges with economic uncertainty, the shift to remote work, and recent layoffs by many major office tenants, now confronts higher interest rates and plummeting pricing.

[How to Improve DC Plans with DEI](#) | For defined contribution (DC) plan sponsors, understanding the diversity within the employee population supports inclusiveness and equality in access and opportunities.

Webinar Replays

[Research Cafe: ESG Interview Series](#) | During this interview, Aaron Quach, Callan ESG team member, interviews Jan Mende, Callan real assets specialist and author of our white paper on energy transition. They will discuss the growing opportunities for investment within the energy transition space and how they can be incorporated into the portfolios of institutional investors.

Quarterly Periodicals

[Private Equity Update, 1Q23](#) | A high-level summary of private equity activity in the quarter through all the investment stages

[Active vs. Passive Charts, 1Q23](#) | A comparison of active managers alongside relevant benchmarks over the long term

[Market Pulse, 1Q23](#) | A quarterly market reference guide covering trends in the U.S. economy, developments for institutional investors, and the latest data on the capital markets

[Capital Markets Review, 1Q23](#) | Analysis and a broad overview of the economy and public and private markets activity each quarter across a wide range of asset classes

[Hedge Fund Update, 1Q23](#) | Commentary on developments for hedge funds and multi-asset class (MAC) strategies

[Real Assets Update, 1Q23](#) | A summary of market activity for real assets and private real estate during the quarter

[Private Credit Update, 1Q23](#) | A review of performance and fundraising activity for private credit during the quarter

Events

A complete list of all upcoming events can be found on our website: callan.com/events-education.

Please mark your calendar and look forward to upcoming invitations:

Webinar: The End of the Low-Yield Environment
Aug 9, 2023 – Virtual

2023 October Workshops
Oct. 24, 2023 – New York
Oct. 26, 2023 – Chicago

2024 National Conference
April 8-10, 2024 – San Francisco

For more information about events, please contact Barb Gerraty: 415-274-3093 / gerraty@callan.com

Education: By the Numbers

50+

Unique pieces of research the Institute generates each year

525

Attendees (on average) of the Institute's annual National Conference

3,700

Total attendees of the "Callan College" since 1994

Education

Founded in 1994, the "Callan College" offers educational sessions for industry professionals involved in the investment decision-making process.

Introduction to Investments

Sept. 26-28 – Virtual

This program familiarizes institutional investor trustees and staff and asset management advisers with basic investment theory, terminology, and practices. This course is designed for individuals with less than two years of experience with asset-management oversight and/or support responsibilities.

Alternative Investments

Aug. 23-24 – Virtual

Alternative investments like private equity, hedge funds, and real estate can play a key role in any portfolio. In our "Callan College" on Alternatives, you will learn about the importance of allocations to alternatives, and how to consider integrating, evaluating, and monitoring them.

Our virtual sessions are held over two to three days with virtual modules of 2.5-3 hours, while in-person sessions run either a full day or one-and-a-half days. Virtual tuition is \$950 per person and includes instruction and digital materials. In-person tuition is \$2,350 per person and includes instruction, all materials, breakfast and lunch on each day, and dinner on the first evening with the instructors.

Additional information including registration can be found at: callan.com/events-education

"Research is the foundation of all we do at Callan, and sharing our best thinking with the investment community is our way of helping to foster dialogue to raise the bar across the industry."

Greg Allen, CEO and Chief Research Officer

List of Callan's Investment Manager Clients

Confidential – For Callan Client Use Only

Callan takes its fiduciary and disclosure responsibilities to clients very seriously. We recognize that there are numerous potential conflicts of interest encountered in the investment consulting industry, and that it is our responsibility to manage those conflicts effectively and in the best interest of our clients. At Callan, we employ a robust process to identify, manage, monitor, and disclose potential conflicts on an ongoing basis.

The list below is an important component of our conflicts management and disclosure process. It identifies those investment managers that pay Callan fees for educational, consulting, software, database, or reporting products and services. We update the list quarterly because we believe that our fund sponsor clients should know the investment managers that do business with Callan, particularly those investment manager clients that the fund sponsor clients may be using or considering using. Please note that if an investment manager receives a product or service on a complimentary basis (e.g., attending an educational event), they are not included in the list below. Callan is committed to ensuring that we do not consider an investment manager's business relationship with Callan, or lack thereof, in performing evaluations for or making suggestions or recommendations to its other clients. Please refer to Callan's ADV Part 2A for a more detailed description of the services and products that Callan makes available to investment manager clients through our Institutional Consulting Group, Independent Adviser Group, and Fund Sponsor Consulting Group. Due to the complex corporate and organizational ownership structures of many investment management firms, parent and affiliate firm relationships are not indicated on our list.

Fund sponsor clients may request a copy of the most currently available list at any time. Fund sponsor clients may also request specific information regarding the fees paid to Callan by particular fund manager clients. Per company policy, information requests regarding fees are handled exclusively by Callan's Compliance department.

Note: The compliance breach is a carry forward from March 2022 and was caused by a restructuring of Intelsat, a global provider of satellite communications services (original holdings Intelsat Jackson CUSIPs 45824TAY1 and 45824TBA2 and current holdings CUSIPs L5217E120, L5137X109, L5137X117, 458ESCAB6 and 458ESCAC4); which are part of MetWest/TCW's portfolio holdings. As a result of the restructuring, there will be an equity line item in the portfolio for some period as MetWest/TCW seeks an opportunistic disposition to maximize the realized value. In time, execution on Intelsat's business plan should improve the liquidity and value of Intelsat common shares, leading to a full liquidation from the portfolio. Northern Trust's compliance monitoring settings were set to flag equity common stock, equity rights and other sundry assets as compliance breaches. The Intelsat investments were originally purchased as Corporate Bonds so this incident is not a violation of the investment policy. The current equity common stock, equity rights and other sundry assets will continue to be monitored until MetWest/TCW disposes of the securities.
